ehemaligen Todeskandidaten und Gewaltttern - flit in ein abgelegenes Dorf ein und bringt systematisch alle Bewohner auf grausame Weise um. Sie suchen nach Wiley Streng... nur niemand kennt ihn... auser sein Bruder der Sheriff des Ortes und ein Bewohner, der fr Streng ein paar Handlangerttigkeiten ausfhr. Und sie suchen nach einem Film, einem Film aus einem vergangenen Krieg, auf dem man sieht, wie ein Spezialkommando der US-Streitkrfte auf bestialische Weise die Bewohner eines Dorfes umbringt. Es ist der General, der den jetzigen Einsatz kommandiert, der auch als Major an dem ersten Massaker beteiligt war. Die Jagd beginnt und brig bleibt ein kleiner Haufen an Widerstndigen, die es schaffen sich gegen die Invasoren zu behaupten. Aber welcher groe Komplott liegt noch hinter der Geschichte? Das kommt erst langsam ans Tageslicht... Und er lsst einen erschauern, denn so unreal, wie man zuerst glaubt, ist er garnicht. Sondern Kilborn wagt hier einen Blick in die Zukunft. Kilborn bleibt seinem Stil treu. Schnell, spannend, ohne Schnrkel, es geht immer sofort zum Kern des Geschehens. Damit treibt Kilborn einen beim Lesen voran und man kann das Buch, auch wenn man mde ist, nur schwer aus den Hnden legen. Wer auf Thriller steht, wird hier nicht entuscht. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Unrelenting Suspense and Gore Von Social444 The villains in "Afraid" are the most horrible that you will find anywhere; right up there with Hannibal Lecter, only there are 5 villains, not one. Each of them has a sadistic specialty (e.g. one is a cannibal, another is a cutter). Anything more will give away portions of the plots and surprises. This novel is not for the faint of heart. If you are looking for something so totally horrible that you can barely read it, try his short story, Mr. Pull-Ups. I had to put it down, and proceed to the next story in his exhaustive anthology, "65 Proof". As for "Afraid", stick with it as long as you can. My uneducated guess is that 25% of readers cannot get through it. If you feel, really feel that you have the guts to get through this scary gore fest, then GOOD LUCK!!! Just a note: there is no gratuitous violence or gore. It is all essential to the plot. 1 von 2 Kunden fanden die folgende Rezension hilfreich. pretty good Von jennifer I read this book in only a few hours. Kurzbeschreibung WELCOME TO SAFE HAVEN, POPULATION 907... Nestled in the woods of Wisconsin, Safe Haven is miles from everything. With one road in and out, this is a town so peaceful it has never needed a full-time police force. Until now... A helicopter has crashed on the outskirts of town and something terrible has been unleashed. A classified secret weapon programmed to kill anything that stands in its way. Now it's headed for the nearest lights to do what it does best. Isolate. Terrorize. Annihilate. Soon all phone lines are dead and the road is blocked. Safe Haven's only chance for survival rests on the shoulders of an aging county sheriff. And as the body count rises, the sheriff realizes something even more terrifying - maybe death hasn't come to his little town by accident... WELCOME TO SAFE HAVEN, POPULATION 907... 906... 905...
