matter of hours and I have read it through 2 more times since then! I think George and Elliot were great characters and I laughed with them got annoyed with them and felt like I knew them really well at the end. I would really recommend this book, although I didn't think much of Afterglow!! The follow on book. Although it was interesting to see how Elliot George were getting on!!0 von 0 Kunden fanden die folgende Rezension hilfreich. ONE OF HER BEST!!!Von Ein KundeRight From the beginning you have to love Georgina "George" Hathaway, and Elliot Mallory. This book kept me turning pages untill three in the morning when I finished it!! I'm probably one of her youngest fans (16), and found this book her second best. ("The Heir" being her first) So if you feel the need to sit back and enjoy one of the best books ever written, get this one and relax. You won't be able to put it down.0 von 1 Kunden fanden die folgende Rezension hilfreich. A wonderful book I was lucky to get and immediately loved.Von Ein KundeI received this book through a mail order service and immediately fell in love with "George" and the good doctor. I always like older men/younger women stories and this is a gem. Dr. Mallory is a wonderful, kind, caring man who is absolutely besotted with "George" who is charming, beautiful and a model. She is looking for love and finds it in Dr. Mallory, even though he is plagued by guilt at their age difference. He is sure he is robbing her of her youth and experiences she is yet to have. She is sure she's in love. This book is funny, romantic, erotic and very hopeful for all of us that we can find a Dr. Mallory (though mine would have to be 58).I couldn't write to Catherine Coulter fast enough to tell her how much I loved it. She was kind enough to write back and tell me that the book was actually out of print. I then realized how truly lucky I am to have it...then it was reissued. Such is life. I still feel blessed. Highly recommended for a marvelous happy, light read. I would love to see a series along the same vein, but I'm dreaming.
