Tension! Von evening-green If this is what Romantic Suspense is about, I'll have to read more. I liked Angel and Cole, I felt like I got a little bit more insight into her character than his, but that worked just as fine and I enjoyed the perspective shifts between the two very much. Both of them have different struggles through out the book. Angel has to deal with self hate due to life decisions that lead her to become a jewel thief and Cole has issues of his own that weigh on him. There were some things I would have liked to have been explained a bit more concerning Angel's connection to her former instructor and I felt like Angel's gang disappeared maybe a bit too suddenly from the limelight. But I'm not complaining, the most exciting part of the book is definitely Angel and Cole working together. There is lots of tension going on and they both get in some dicey situations. Primarily because Walter Borgola, the evil crime-boss Cole is working for as a cover, is as creepy as he is paranoid. All this makes for a very exciting mix.

Kurzbeschreibung She hates him. And now she has to play his girlfriend. Deadly abs. Deadly aim. Deadly brilliant. Cole is one of the Association's top agents, but hes up against a clever, dangerous psycho and hes running out of time. Until he catches Angel cracking the mans supposedly uncrackable safe and blackmails her into helping him. Why should he worry about her safety? Shes just some criminal right? But the more deeply Cole and Angel plunge into Borgolas web, the more he realizes Angel doesnt deserve being pulled into danger and the more real those fake kisses start to feel.
