Von Ari Marmell : Agents of Artifice: A Planeswalker Novel (Magic The Gathering: Planeswalker) before purchasing it in order to gage whether or not it would be worth my time, and all praised Agents of Artifice: A Planeswalker Novel (Magic The Gathering: Planeswalker):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I was bored quicklyVon Dark AgendaI read a few of the Magic novels and I liked the writing in the Urza story.Now AoA features the characters from the PC games so thought I read this but the quality is nowhere on that level.I read a good deal in and neither the description of characters and motivations or battles could capture me enough to read on. The book just lacks the incentive to keep reading.The writing is on the "promising amateur writing" level rather than the standard "writes fantasy novels for living" level.0 von 0 Kunden fanden die folgende Rezension hilfreich. Very good read, surprisingly catchyVon PyrophytosI have already read some of the magic novels like the mirrodin cycle and the judgement cycle. (although in German)But I really got most excited in the shortest amount of time for this book. It really shines light on the backstories of the planeswalkers that I had former seen only as cards. I really recommend this book to any magic the gathering fan who wants to know more about Jace, Tezzeret, Liliana, and more.0 von 1 Kunden fanden die folgende Rezension hilfreich. spannendVon Steiner MartinBin soweit mit dem Artikel sehr zufrieden, es ist interessant und spannend geschrieben.Der einzige Wermutstropfen fr mich ist der Einband.er ist wie die Seiten selber aus regulrem Papier, nicht wie bei anderen Bchern, wo er verstrkt ist.Dadurch ergeben sich hssliche Knicke, da das Buch unbequem zum offen halten ist.

KurzbeschreibungIn this struggle for influence and power, for the keys to magical knowledge, everything you knew about novels based on Magic: The Gathering is changing . . . Jace Beleren is a planeswalker who has taken the path of least resistance. He is gifted and powerful, but chooses not to push himself. Part of an inter-planar consortium that deals in magical artifacts, Jace has some power and influence. He also has a certain amount of security. Thats all about to change. When Liliana, a dark temptress with demons of her own (quite literally), comes into his life, she brings with her more possibilities, but also more problems. Under attack from external interests, a friend dies because of decisions Jace made. Upset with himself and fearing for his life, Jace sets out to find who is behind this new threat. What he uncovers along the way, an inter-planar chase filled with peril, will alter everything he knows.From the Paperback edition.KurzbeschreibungIn this struggle for influence and power, for the keys to magical knowledge, everything you knew about novels based on Magic: The Gathering is changing . . .
