"At the age of 35, in the middle of an interview with a certain Mrs Gloria Needleman, reporter Josie Sheehan realizes that she never really lived. She had no husband and kids, only a crazy Labradoodle to keep her company. She had never accomplished anything extraordinary; had never experienced great adventure BUT she certainly had had enough lousy loser-boyfriends to last a lifetime. Deciding that it was definitely time for a change Josie follows Mrs Needleman's advice to write a list of what exactly she wants from life and of course what Josie wants is to finally find Mr Right. Astonishingly, only a few hours after writing the list she meets Rick - gorgeous, handsome and obviously perfect. But soon Josie has to learn that the man she is falling in love with has a past that still hunted him... Rick Rousseau grew up in Rhode Island; a spoiled kid of rich parents. Knowing that his father's influence and money would get him out of everything, he spent his youth recklessly doing whatever he wanted, drinking and taking drugs, using women for his own pleasure. But his carefree life came to an abrupt end when, at the age of 28, he caused a motorcycle accident that sent his girlfriend Margot Cummings in a coma for seven long years before she finally died. After that horrible accident Rick had changed his life completely. He'd stopped taking drugs and drinking and that day, seven years ago, he'd made a pledge to himself: to never let a woman anywhere near him because it was obvious that he'd done enough damage to the female species to last several lifetimes. But then he meets Josie and being in her company makes him feel happy that he's still alive. Yet Rick also knows that he's putting her in danger, for Margot's father Bennett Cummings had sworn revenge for his daughter and what better target was there than the woman Rick was hopelessly falling in love with??" Josie Sheehan is a great heroine, a little bit crazy but cute in her almost desperate search of Mr Right. Every time she tries to look and act her best she's failing miserably and that makes her all the more loveable. The scenes with her dog Genghis are simply hilarious! Rick too is a nice hero, with much more depth than Donovan's heroes so far. Very interesting but sad was also Bennett Cummings story. I liked his character a lot - though I know that he's supposed to be the villain here :-)" "Ain't Too Proud to Beg" is again a great and funny romance by Donovan - Go for it!

Kurzbeschreibung Josie Sheehan collects failed relationships the way some women collect designer handbags. Now, at thirty-five, she has exactly one male in her life: her Labradoodle, Genghis. In fact Josie, along with the three very single women in her dog-walking group, has recently sworn off men, resigning herself to long walks in the park with her devoted, four-legged friend. All bets are off, however, when she meets Rick Rousseau, a pet-company CEO who is smart, sexy, and, best of all, head-over-heels for Josie. Even Genghis, an excellent judge of character, seems to know that Rick is the real deal. But just when Josie starts to think that she has found something more enduring than puppy love, she discovers that Rick has a complicated past and a secret that could put the woman he loves in serious danger...
