**Von Edward W. Robertson : Cut Off (Breakers Book 5) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cut Off (Breakers Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Both familiar and new - and promising for book 6Von Steffen M.I was pleasantly surprised to discover book 5 of the Breakers series was out already, bought it more or less blindly and was not disappointed. The writing style, story development, the main characters - all at its best again, just as in the preceding books. But there is more, with every

book, and with this one too, the author manages to add something new. In Cut Off, we get to know a new location and some new characters. The series keeps just getting better. What I like most about the series is that Mr. Robertson manages to always keep some of the familiar characters around while developing new plot lines and that the plots in each of the books are mostly self-contained. That makes reading the books highly enjoyable. I always get the impression that the author very much cares for both his characters and his readers. And that it is in stark contrast to other best selling book series, where the characters, the plot lines and the interconnections just get more and more complex with each book, without giving the reader much of a solution (somehow, Game of Thrones comes to mind..)Well, and the teaser in the epilogue for books 6 is very promising.0 von 0 Kunden fanden die folgende Rezension hilfreich. ich mag die SerieVon Customerweil es auf alle Bereiche des Lebens anwendbar ist, wird auch kein Band langweilig - tatsächlich fragt man sich teilweise, was die anderen (abgehandelten Charaktere) jetzt wohl machen, leicht undurchsichtig ist die zeitliche Reihenfolge - also wie lange die Alien-Invasion her ist, die die Menschheit zu 90 % auslöscht - wer jetzt denkt, ich hätte gespoilert, ist schief gewickelt, diese Reihe geht nämlich so richtig erst danach los! ;o)
