Love the Game is Life universeVon CustomerI've read all books in the Game is Life series, so far, and I loved them all. They are refreshing, creative, surprising, demanding and really intriguing. The GiL universe is incredibly complex and its characters really come to live. I have felt betrayed and surprised by, happy and sad for, and frustrated with them. So I started reading more of Terry's books, starting with those that are connected to the GiL universe somehow. And I am

happy that Cyber was just as full of intriguing twists and surprises and just as gripping. Loved it!Disclaimer: I received this book as an ARC in exchange for an honest review. But I did buy the book and I only got the ARC because I already was a fan of Terry's books anyway and thus ended up on his mailing list^^0 von 0 Kunden fanden die folgende Rezension hilfreich. Ich hab es nicht mehr weglegen könnenVon Dennis KnappeDa wir hier ja auf der deutschen -Seite sind, verfasse ich diesen kurzen Text auf deutsch. Das Buch aber ist auf englisch, falls es nicht klar sein sollte :)Ich spare mir aus Spoiler-Gründen auch eine Inhaltsangabe, dazu gibt es schließlich den Klappentext.Wer Cyber liest, sollte davor "Shadows" und "The Game is Life" in seiner kompletten Serie gelesen haben, damit es beim ersten Mal Lesen möglichst viel Sinn ergibt bzw. man sich nicht mit Trivialitäten aufhalten muss. Ich kann mir schwer vorstellen, dass jemand große Unterhaltung daran finden wird, wenn er die Hintergründe nicht kennt.Wer die Hintergründe allerdings kennt, wird mit dem Buch Spaß haben, auch wenn es sehr kurzweilig wirkt. Cyber ist mit einer typischen Lesezeit von 4 Stunden ziemlich kurz (ich hab auch ca. um den Dreh gebraucht und ich halte mich nicht für einen langsamen Leser). Dennoch extrem unterhaltsam.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent entertainmentVon ClaudsI've been drawn in by the "Game is Life" series and I love "Shadows" if you haven't read them yet, do so before reading this one, but read them all, they are definitely worth it.After I read the first book, I just couldn't stop reading, the author has managed to create a gripping story and a universe you kind of really want to believe in.
