Von Matthew Mather : CyberStorm (English Edition) before purchasing it in order to gage whether or not it

would be worth my time, and all praised CyberStorm (English Edition):

KurzbeschreibungThe MILLION-COPY, award-winning saga of a massive terror attack destroying New York, in terrifying and realistic detail, and one family's struggle to survive. With 20th Century Fox now developing for film, CyberStorm is a fresh new brand of thriller for fans of Tom Clancy, Brad Thor, James Patterson and Lee Child. "I couldn't put it down...shows how dangerous our transition to an interconnected infrastructure has become." - Karic Allega, Joint Military Cyber Command, US

NAVY-----THE CITY THAT NEVER SLEEPS
GOES BLACK IN THE DEAD OF WINTER...A TERRIFYING MYSTERY BEGINS, MILLIONS MUST FIGHT
TO SURVIVE...BUT WHO IS THE ENEMY? WILL THEY STRIKE

AGAIN?-----Mike Mitchell is an average New Yorker struggling just to keep his family together when a string of disasters shreds the bustling megacity around them. The Internet and communication networks go down...a deadly viral epidemic rages across the country...then a monster snowstorm cuts New York off from the world. DAYS GO BY... THEN WEEKS. MURDER AND VIGILANTE JUSTICE REPLACE LAW AND ORDER. MILLIONS ARE TRAPPED. CAN HIS FAMILY SURVIVE? In the chaos, conspiracy theories rage about a foreign cyberattack--that this might be the first shockwave of a colossal global shift in power--but even this becomes unimportant as Mike and his family struggle for survival in the wintry tomb of a doomed New York. FROM THE BACK COVER Matthew Mather is a leading cybersecurity expert who regularly presented in Washington (DC) to the Department of Homeland Security, FBI, and CIA, and who began his career at the at the McGill Center for Intelligent Machines. He now works as a full-time author of speculative fiction. Translated in twenty three countries, CyberStorm is a worldwide bestseller, a new apocalyptic disaster classic in the spirit of On the Beach, Alas Babylon, One Second After, Lucifer's Hammer and Pandemic that will appeal to fans of A.G. Riddle, William Forstchen, David Brin, Nevil Shute, Hugh Howey and Douglas Richards. Millions of readers voted CyberStorm into the Top 20 of its category on Goodreads, and has ranked as the NUMBER ONE BEST SELLER in 's technothrillers, conspiracy, military, post-apocalyptic, dystopian, terrorism, and science fiction categories.
