Von Danielle Steel : Daddy before purchasing it in order to gage whether or not it would be worth my time, and all praised Daddy:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. The best

book I've read! Von Ein Kunde Danielle Steel does an excellent job of showing the readers what a man like Oliver has to go through. She does a great job of keeping the readers attention. It was really hard to put the book down from the start. It has to be the best book by Danielle Steel. She takes the characters and shows us one by one how they all deal with Sarah's decision. She also does a great job portraying Oliver, who hardly ever runs out of energy. I was a little disappointed that there wasn't more about how Mel felt about Sarah's decision. I found myself wondering how Mel dealt with all of it. I thought the book ended too soon. Overall, I think that Daddy was a very worthwhile book to read if only it could have been a little longer! 1 von 1 Kunden fanden die folgende Rezension hilfreich. It's a heart-warming story! A must read! Von Julieanna Like some of the reviewers, I thought this book to be about some screw-up daddy! But I was wrong...it's a ride of emotions that will put a tear to your eyes (if you're very emotional!) right from the start! It displays the strength of a father (Oliver) who also has to be a mother to all his 3 children after Sarah left them to pursue her studies. Double thumbs up for this particular "Daddy"! Cheers Danielle! 1 von 1 Kunden fanden die folgende Rezension hilfreich. worthy to read!!!!!! Von Ein Kunde A book which has opened my eyes, to the fact that we usually seem to forget how to appreciate what we have and love....Steel also reminds us to think truly before stepping to the other world that we don't know what's waiting for us and if we do so try to look into the positive side of it if any bad thing happened because of our decision. A book which I had suggested to others and they thank me for it.

Kurzbeschreibung To the outside world, Sarah and Oliver Watson had the perfect marriage. Happy and successful, with three beautiful children, they seemed to have it all. But under the surface, Sarah felt lost, empty and inadequate. And one Christmas, after eighteen years of marriage, she walked out. Left alone, Oliver struggles to cope with raising his three children. Seventeen-year-old Benjamin rebels with disastrous consequences, while fifteen-year-old Melissa angrily turns against her father, and nine-year-old Sam, the 'baby', is too shaken to deal with his mother's abandonment. And then tragedy strikes once more when Oliver's mother dies in an untimely accident and three generations of the Watson family find that they must pull together to cope, and maybe one day move on and love again. . . .de
Bestselling author Danielle Steel paints a poignant portrait of Oliver Watson, a man who thinks his life is perfect--he has a great job, a beautiful home, a good relationship with his parents, three healthy children, and a loving wife. Things change the day Oliver Watson comes home from work to learn that his wife is going away to graduate school, leaving him to play full-time daddy, super-employee, and son-on-call; Oliver soon discovers that it is impossible to "have it all," all by himself. Through trial and error, and by watching the courageous examples set by his teenage son coping with his girlfriend's unplanned pregnancy and his father learning to love again after the death of his Alzheimer's stricken wife, Oliver discovers for himself that love can occur more than once and dreams can change for the better. One of Steel's best! --Alison Trinkle.com
