Series favoriteVon Ein KundeBy the age of seven Tyler Randolph has been so emotionally abused by his sadistic father he no longer allows himself to feel anything, not when his brother go to war, his father deserts them or when his mother dies. He doesn't think he deserves his place in the family or his share of the family wealth.Determined to make it on

his own, Tyler heads for New Mexico and the lost gold mines. The only problem is that his birthday is in six months and he has promised to take one of the jobs his brothers had to offer if he fails to find gold by this time. Tyler can't bear to be a further failure and plans to disappear when the time comes. When he rescues an injured beauty he has no place to take her but to his prospector's cabin high in the mountains. Taunted as the ugly Randolph, Tyler is hiding his handsome face behind long hair and a heavy beard. Daisy can't help but feel he has something to hide. Somehow though Tyler can't seem to want to hide from Daisy. Not his face and not his heart. Daisy has been told what to do all her life and Tyler is the first man who seems to think she's capable of taking care of her ranch herself, she loves him, but doesn't want to give up the independence he's taught her to cherish. Finally she realizes that, though Tyler can do everything better than she, he has a scared little boy inside of him that needs her as desperately as she needs him. When she realizes Tyler sees himself as her partner, not her master, she knows she can trust him with her heart.0 von 1 Kunden fanden die folgende Rezension hilfreich. Von lindafca@aol.com Leigh Greenwood is super! Once you start reading her books you can not put them down. The series of Seven Brothers takes you into the hearts and place of the characters involved.

Kurzbeschreibung While Tyler Randolph is prospecting for gold in New Mexico to get the money to build the hotel of his dreams he finds a woman wounded and left to die in a blizzard. He can't take her into Albuquerque because he doesn't know who's trying to kill her, so he takes her to his cabin. When the killers come after her, he makes it his job to protect her. Tyler is a loner not used to have a woman around. He's very self-conscious about his tall, lanky body and the fact that he isn't handsome like his brothers. Daisy Singleton has no idea who killed her father and tried to kill her, or why. Awakening with a head wound in a strange man's cabin, she doesn't know whether to be afraid or angry. Being stranded in a mountain cabin with a silent, kind, bossy, bear of a man is frustrating. She just wants to go to Albuquerque and stay with her friends, but Tyler won't let her leave because he still doesn't know who's trying to kill her. When Daisy tells Tyler she's engaged to be married, he hustles her down the mountain. Although Daisy stays with Hen and Laurel and Tyler returns to this mine, their story isn't finished. There remains a killer to unmask, Daisy's independence to establish, and the need to learn the truth about their feelings toward each other.
