Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. It was a

good read. Von CK First of all I know that it's wasn't a good feeling when the Author read a bad review. I read some in FB who are complaining about it. But I think as a reader we are entitled to give our feedback to the books we read. I enjoyed reading this book but I got a little bit confused on how it ends (the cliff hanger). It started of really good but it seems that the Author rushed it at the end. Suddenly there are some characters who just appeared then gone, and there's a friend that suppose to be a good friend but didn't help him at the end. I'm like huh? What just happened.? It's just went all spiraling down. I hope the next installment wouldn't be that confusing its like jumping from one situation to the other. Would I read the next installment? Yes. Would I recommend it 75% yes. I think there'a just something wrong on how it ends. Maybe it shouldn't end that way it seems that there's something missing like you need something more before the cliff hanger and all.

Kurzbeschreibung***This book is meant for readers 18 years of age or older due to drug usage and sexual content***This is Part One of The Perfection Series. Guilt. It rules my life. I am riddled with it. After fifteen years, you would think it would lessen. It hasn't. Drugs numb it. Women relieve it. But it always returns, stronger and heavier. Always. The light, it's refreshing. It gets closer and I reach for it. But it is always just out of my grasp. Always.
