A fine continuation to a gripping seriesVon Harald BerndtThe Descent series, the story of the "godslayer" needed a while to get going - the first three volumes that introduced the characters and settings - because its premise and reach are, um,

unusual! Now the story rolls along briskly, with lots of interesting twists and turns. I could't put it down.0 von 1

KurzbeschreibungThere's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local
demons to devour their flesh and harvest their souls. And it's coming for Elise next.The Union has an easy way out.
They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the
territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as
home.Greater powers have other plans for Elise and her fabled power as Godslayer--plans that mean surrendering her
life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the
abyss, it will gaze back into her... and Elise will be damned forever.KurzbeschreibungThere's something in the earth
