FischerHannah Grey is a nurse who takes care of elderly people who can afford to pay a nurse who lives in their home and takes care of them 24/7. She likes her job and is good at it, which is why

one of her patients leaves her a substantial sum of money - while all but disinheriting his selfish and lazy family. The result is that she is accused of seducing, possibly even killing her patient. Getting her license back proves difficult, so when Carrick Manly hires her to take care of his sick mother, she is more than happy to take the job. What she doesn't know is that he picked her only because he felt that he could easily get someone like her (a cheat and killer) to spy on his mother because he suspects that she knows where the fortune his missing father stole from the family company is. He desperately needs that money because he's owes money to a brutal criminal and he doesn't mind threatening Hannah or his mother to get it. When Hannah doesn't play along with his plans and helps his mother instead, he hires Gabriel Prescott to spy on them and tells him that Hannah controls and mistreats his mother to get the money herself. What Gabriel sees during his surveillance gives him a different impression, but it soon becomes clear that Mrs. Manly actually does know about the money. When she tells Hannah and dies not long after, the police is after her for murder and so are Carrick and Gabriel. Things get even more complicated because Gabriel and Hannah are very attracted to each other - but without trust, can they ever come together? I enjoyed this book because of the well-developed characters, the suspenseful plot, the atmospheric settings and also because there was some humour. I would recommend it as an entertaining read and would have given it 5 stars if it didn't lose a bit of steam towards the end. Otherwise it's pretty much perfect. It can be read on its own without any problems, but is connected to two series (see below).

Fortune Hunter (the Manly brothers) 1. Trouble in High Heels (2006) 2. Tongue In Chic (2007) 3. Thigh High (2008) 4. Danger in a Red Dress (2009) Lost Texas Hearts (Gabriel's sisters) 1. Just the Way You Are (2003) 2. Almost Like Being in Love (2004) 3. Close to You (2005)

When one of her patients leaves her some money in his will, the family believes she slept her way into earning it. The family uses their influence to have Hannah's New Hampshire nursing certificate suspended. Believing the lies, Carrick Manly decides Hannah is just the greedy person he needs. Hannah is desperate for work and agrees when Carrick offers her the job of caring for his mother, Melinda, in her Maine coast mansion. Melinda has not left the mansion in fifteen years. That was when her husband crashed a multibillion-dollar business, stole the money and left the country without looking back. Carrick believes his mother knows where his father stashed the money and wants Hannah to pull the information out of her. But Carrick has read Hannah all wrong and she refuses to help scam Melinda. Hannah is getting ready to leave when Melinda comes up and asks her to remain. Gabriel Prescott is one of Carrick's half-brothers. Gabriel plans to tell Carrick, but before he can Carrick hires his security firm. Gabriel hides monitors and audio devices all over the mansion because Carrick has convinced him that Hannah is abusing the elderly lady. But then Melinda is murdered and the video looks like Hannah is the killer. Worse, the equipment proves that Melinda had known where the money was all along and has not only told Hannah where it is being held, but all the access codes to retrieve it. Hannah finds herself on the run from the law and Carrick's unscrupulous people. Gabriel may be the only one who can keep her alive, if she can convince him of her innocence. ***** Christina Dodd proves, once again, that she has found her calling in life. This tale has a villain that readers will love to hate. He is a slimy man who seems to pull the wool over the eyes of all except his mother and Hannah (uh, and the thugs he owes money to). Full of action and suspense, this story kept me hooked from first until last. I found it to be a wild ride and absolutely thrilling! ***** Reviewed by Detra Fitch of Huntress Reviews. 1 von 1 Kunden fanden die folgende Rezension hilfreich. der schwachste Teil der Reihe Von AK78 Dieser Roman schliesst gleich zwei Reihen ab, die eine war die der Prescott Familie, die zweite die der Shne von Nathan Manly. Leider ist der Roman der schwachste der Reihen. Zwischenzeitlich zieht er sich etwas und man wird mit den Hauptpersonen nicht ganz warm. Das letzte Drittel des Buches ist dabei das beste: Die Rtsel der Vorgngebcher werden aufgedeckt und auch die Protagonisten der beiden Reihen tauchen wieder auf. Fr Leser der Reihen ein Must-Have ! Selbst schwchere Romane von Christina Dodd sind noch gut, daher 4 Sterne.

Kurzbeschreibung A riveting family drama unfolds as New York Times bestselling author Christina Dodd completes the Fortune Hunter series and the Lost Hearts series with a novel that delivers secrets, lies, and passion ... Down on her luck and desperate for work, Hannah Grey finds herself caring for an eccentric, embittered elderly woman living in a mansion on the wild Maine coastline. On her deathbed, she entrusts Hannah with a dangerous secret she's hidden for years--one that makes Hannah a target for killers and sentences her to a life on the run. Hannah needs to find the one man who can keep her alive... Gabriel Prescott has searched for a place to call home his entire life. Now that he's on the verge of finding out his family history, he discovers that there's only one woman who dares to stand in his way. If that wasn't unfortunate enough, the woman who threatens his search for truth may be the only woman who can save him... (You met Gabriel Prescott in the Lost Hearts series!) Customers who like books by Nora Roberts and Barbara Freethy will enjoy this full-length romantic suspense novel. Pressestimmen "A star in any genre! Dodd writes with power and passion--and always leaves me satisfied!" -- J. R. Ward
