SyedSara Walsh is living her present with an all too real threat from the past. As the daughter of an ambassador, she was at risk. The memory of the abduction of her and her twin sister lives on in her

mind and the the threat of the kidnapper who still stalks her has made her a prisoner in her own life. When a twist of fate lands her in an elevator with Adam Black, ex football star, things change. Adam is instantly aware of the connection they share and with the help of their faith, he is determined to have a life with Sara. The couple are faced with more than their share of obstacles, but they share two common bonds; love and their faith in God. Though this is an inspirational book, it will appeal to all readers who enjoy a true romantic suspense. The characters are so vivid you should be able to reach out and touch them. Dee Henderson has a writing style that carried her story so smoothly you won't know it isn't happening to you. I am awed by her ability to write a story so emotionally charged and yet gently inspiring. I recommend Dee Henderson as a writer everyone will enjoy for as long as always. *Danger in the Shadows* is a remarkable book. Don't fear the Inspirational format Von Jody Allen As this is my first inspirational romance I have come to learn that Ms Henderson is sure to become the benchmark for all other authors to emulate. This offering is one of those books you can't put down and lingers with the reader well after the last page leaving a uplifting warmth absent in other romances. In the past inspirations equalled a story rift with Christian messages, as if one could pack a romance around a sermon. However, this offering from Ms Henderson is what classic romance is all about: wonderful characters discovering a special love as a sinister element intent on destroying it looms ahead. They rely on their own personal strength with God and each other to pull them thru. There are no preachy messages here but a perfect example of a love of each other and their relationship with their maker. Dee Henderson is an author to watch as each of her next books are as special as this one, each with a romance which reveals not only love for each other but their God as well. BRAVA ! The best of romance in any subgenre! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent Romantic Suspense! Von Ein Kunde I read this book in spite of the fact that it is an inspirational romance and was not disappointed. Dee Henderson has created a gripping tale of suspense with richly developed characters. The religious element was an integral part of each character and wasn't intrusive except for a few passages where scripture was quoted. However, any small annoyance w/ the religious message is by far outweighed by the high quality of Ms. Henderson's writing and her ability to create such a powerful story full of non-stop suspense and romance. Once you start reading this book, you won't want to put it down until you've finished. I'm looking forward to reading Dave's story in "The Negotiator".
