Kurzbeschreibung One day in a beautiful garden destined them to meet again Nineteen years later ...After the tragic death of his mother, Nathan Salerno has decided to live a life devoid of love. Shutting everything else out, his main purpose has become pleasing his father- the highly feared Don of the Salerno Crime family- and preparing to one day become the leader of a massive criminal organization. As the anniversary of his mother's murder drew near, Nathan prepared to do what he did every year during that time-- disappear. When his childhood friends convinced him to join them on a vacation instead, Nathan's life was changed forever. After witnessing the tragic death of her father, a notorious hit-man, Carter Steele has fled the life she once knew and is now trying her best to adapt to a life of living in the shadows. After years of making countless mistakes, she finally moved to a popular vacation spot- Hope Beach- under a new identity, in hopes of becoming a different person ... a better person. Her new life was far different from her previous, and hiding her true identity has proved to be harder and lonelier than she'd ever expected. All it took was a moment ... a second, one fleeting glance and they had both fallen. Dangerous Beauty: Destiny is a story of fated lovers, meeting, growing, and embarking on the wild ride life takes them on hand in hand ...Not your average Mafia Romance, the Dangerous beauty Series is packed with drama, action, murder, romance, family, and tons of humor, guaranteed to keep you entertained and on the edge of your seat until the very end.
