Can You Help Someone With PTSD?Von Ingrid Stephanie JordanTitle : Dangerous Black Hills WolvesAuthor: D.L. JacksonReviewed by: Stephanie Jordan Ms. Jackson continues with the Black Hills Wolves as another packmate that was sadly effected by the old crazy Alpha Magnum before he died. Ten long years ago he had to leave, he just couldn't stay with the Pack another day. But his Alpha almost made it impossible by threatening to hurt and torture his twin

sister , Xio unless he swore on his honor that if he left he would never shift. He would not jeopardize his Pack , so on his honor he swore.Xander Davis never shifted in all those years , not even when he was captured, tortured and beaten every day for months. Now he was going home , going home to find his wolf, going home in hopes all his nightmares and rage that's was bottled up inside of him would go away and he doesn't black out and hurt someone.Liv Dunn lived on the outskirts of Pack Land and has started a business because she knew she could help the Wolves who suffer like she did with the soldiers with PTSD.But could she help Xan? I was gifted this ARC for an honest and truthful review.

KurzbeschreibungEleven years from the day he left, Xan Davis returns to Los Lobos a changed Wolf. After promising his insane Alpha, Magnum, that no one will ever know who he really is, he is forced to endure unspeakable torture in distant lands. The Black Hills call to his tormented soul, so he goes, hoping the familiar forests will soothe his suffering inner beast.Liv Dunn, born a coyote but living as human, constantly looks over her shoulder. Less than a year before, a former patient attacked her, leaving her emotionally devastated. Hoping for a fresh start and the chance to find the coyote whos remained elusive since childhood, she travels to the Black Hills.Suffering from PTSD and no longer able to shift, Xan loses it in Gees Bar, Drew intervenes, forcing him into therapy with a human doctor living near Los Lobos. But just when their professional relationship blooms into more, Xans past arrives on his doorstep. This time, his enemy has set their sights on his mate, knowing he will do anything to protect her.
