First Rate Storytelling combined with sizzling romance!Von Phoebe Imel (plimel@nlc.net)Dangerous Curves opens with Pulitzer Prize-winning photographer, Samantha Martin, running through a Florida Swamp from the Happy Haven Mental Institution. Fearing for her life, she is more frightened of the people who are after her than the snakes and alligators lurking in the dark. Jake Cavanaugh is an ex-cop who threw in the towel after his best friend and partner was killed on duty. On his way home from a fishing trip, the last thing he expects on a deserted Florida highway is a woman in major trouble. He picks Samantha up, intending only to give her a ride, but when her story comes out, he pulls over at a truck stop and calls one of his cop friends to help her. But then, two gunmen arrive. They shoot the

policeman, and after Jake and Samatha escape they kill the waitress and the cook, too. Now, wanted by the police as well as these hit-men, Jake and Samantha must figure out who wants her dead and exactly what she has captured on film that has made her a target. Along the way, she and Jake must face their own demons even as they uncover a government conspiracy and fall irrevocably in love with one another. Many writers find it difficult to balance suspense and romance without sacrificing one for the other. Kristina Wright is not one of those authors. This book is extraordinary! The romance is to die for, and the story is fast paced, intelligently plotted, with a suspense element that will make life-long fans for this Golden Heart winning author. Along with all of this is a sizzling sexual element that completely sells the story. Try this debut novel - you won't be disappointed! Dangerous Curves is a lightning-paced ride, complete with adventure, suspense, and sexual tension! Order a pizza for dinner, and get videos for the kids - you won't want to lay this book down until the very last page is turned! In Dangerous Curves, Kristina Wright pens a masterful debut novel worthy of its 1997 Golden Heart Winner Status! A new author Romance readers won't want to miss -- Put this one on your to-be-bought list and make room on your keeper shelves! Jake Cavanaugh and Samantha Martin have my vote for favorite hero and heroine of the year! They raise temperatures to a fever pitch in this sexy, romantic adventure! Fast paced book that grabs you from the first page Von Ein Kunde I am not a fan of romance, so I was more than pleasantly surprised at how much I enjoyed this book. I sat down to read the first few pages one night, and ended up reading it to the end. I never came to that part where, late at night, you tell yourself you're going to close the light after this next chapter. My desire to find out what happened next, was greater than my desire to sleep. It grabs you from the first page, and never seems to let you go, even as I knew morning would come very early. It grabs you on the first page and never lets you go. I enjoyed the easy way Kristina writes, and her ability to make you feel each of the main characters. She mixes suspense and emotion very well, giving you just enough at just the right time. It's hard to believe this is her first. I'd like to say this is a great first novel, but this would make a great tenth novel. It's polished and very well written. I have no doubt we will be seeing more of Kristina Wright in the future. I know I hope to. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Suspense and Romance make a beautiful couple!! Von Ein Kunde Kristina Wright has done a wonderful job at combining just the right touch of romance with a "keep you on the edge of your seat" suspense story. In my opinion, this book is alot better than alot of top grossing movies I've seen!! It has just the right touch of a love story, but yet, is not the bulk of the book, which I liked. I am not a romance reader, but on a recommendation, I read this book, and loved it!! It had nothing that usually turns me off to a "Romance Novel" and everything to make me want to read more from this new author. I will be watching and waiting to see what she comes up with, next!!
