Yet another of Annie Seaton's well-rounded and satisfying storiesVon Alana WoodsThis is a short novel with the locale of Airlie Beach and the Whitsundays in Australias tropical north. Ive spent many a happy hour there on land and water and loved reading this story that took me back to familiar places.Its a mystery with steamy sex thrown in to keep the

two main characters, Jake and Gracie, sparking off each other. Thankfully the sex isnt the kind that goes on page after explicit page. Its just enough to let you know that Jake and Gracie are not going to walk away from each other easily. The story and characters are engaging and the plot plausible. I thought I had it sussed early on but was wrong, which was a nice surprise. Its yet another of Annie Seaton's well-rounded and satisfying stories.
