Von Sandra Kishi Glenn : Dangerous (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dangerous (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read and certainly not your average "cheap erotic novel" Von Deirdre Boyer This is not your average "cheap erotic novel" intended to get you aroused as quickly and as directly as possible. Sandra Kishi Glenn has written a great novel in its own right. It would have been a good novel with interesting, believable characters, a gripping plot and surprising, yet plausible twists in the storyline - without any of the D/s elements. I have read it in two sessions on two evenings, enjoyed every page of it and was quite disappointed when I had reached the last one; not disappointed because it left

me dissatisfied, but because it had ended and there is no sequel. :)The book is exceptionally well written - especially if you consider that this is the author's first work (as far as I know). Sandra Kishi Glenn shows real talent and her attention to detail is astonishing. To explain what I mean: The story unfolds over the course of a few years and the protagonist, Koishi Paz, works in a high-tech industry. Technology changes fast. And this is reflected precisely in the story - not in an obvious in-your-face way, but in some subtle details. Don't expect too many "erotic scenes", though. Sandra Kishi Glenn describes a realistic D/s relationship between complex, mature characters. This relationship has many sides to it and develops in interesting, sometimes surprising ways. Physical sex is just one part of it. This was not disappointing at all, even though I was looking for an "erotic" novel. On the contrary: it made the reading experience even more exciting and enjoyable. Actually, I think it would be an enjoyable read for readers without any special interest in D/s relationships or D/s erotica at all. I would love to see more from this author.

Rezension zu dem Buch Dangerous von Sandra Kishi Glenn I wrote my Recession in German (my first language) and in English. Ich habe jetzt endlich wieder Zeit für etwas anderes. Ich habe das Buch in jeder freien Minute gelesen, bis ich endlich zu dem für mich überraschenden Schluß kam, wobei dieser auch Raum für mindestens eine Fortsetzung hat. Endlich mal ein D/s Roman, der nicht verkitscht ist und auch nicht vor haarstrubenden Handlungen strotzt. Wenn ich sonst mal in Romane aus der BDSM Welt hineinlese, werde ich häufig mit Handlungen konfrontiert, bei denen die Subs über eine Konstitution verfügen müssen, für die sie jeder im Dienst stehende Elite Soldat nur beneiden kann. Von völlig unrealistischen D/s Beziehungen ganz zu schweigen. Ich lebe selber in einer und das ist nicht meine erste Beziehung dieser Art. Die Handlung in Dangerous war spannend, voller interessanter und überraschender Wendungen und durchaus für jeden aus unserer kleinen Welt, bzw. Subkultur nachvollziehbar. Die Figuren hatten Tiefe, vor allem die Protagonistin und die bis zum Schluß Geheimnis umwitterte Valerie. Ich hoffe, die Autorin schreibt noch eine Fortsetzung und falls es ihr erstes Buch war noch weitere Bücher. Der niedrige Preis in Kindle war nicht gerechtfertigt. Ich hätte auch nach der Leseprobe dieses Buch mehr bezahlt. Es war meiner Ansicht nach erheblich besser und spannender als 50 Shades of Grey. Leider kann ich nur 5 Sterne geben, verdient hätte es mehr. Meine wunderbare Lady, der ich von diesem Buch erzählt habe, sagte, dass eine deutsche Übersetzung schon wäre. Ich hoffe, sie hat die Geduld auf eine professionelle Übersetzung zu warten (Koishi hätte sich sicher direkt daran gemacht.) The English recession is not a direct translation of the German one, but I try expressing my enthusiasm in the same way as in German. And I beg pardon to the humble reader in advance for my bad English. (I know it's far from perfect) After a long time at last a BDSM book without impossible actions and ridiculous descriptions of D/s relationships. The feelings and motivations of the protagonist Koishi are understandable and comprehensible, at least for anyone who loved and lived or lives in a D/s relationship. There are no detailed pornographic descriptions of sexual actions, and I didn't miss them. It's a suspense-packed plot with stunning twists and an unexpected end, with room for sequels. I hope the author is motivated to write sequels. If she does, I'll buy them and I hope also the author writes also other books. In my opinion the book is far better than 50 Shades Of Grey, especially it's far closer to reality. I told my divine Lady about this book and she asked for a translation to German. I hope she is patient to wait for a professional one. (Koishi would have started already.) Depend on the system in , I only can give a maximum of five stars. This book deserves more. Berlin, 10. November 2012 Wolf H.

Kurzbeschreibung Sometimes a perfect love is the most dangerous thing in the world. When young, talented Koishi Paz attends a posh Hollywood party, a chance encounter opens the door to a secret world of dark desires. At its heart stands the mysterious Valeria Stregazzi: a woman with a dark past, inner demons, and an irresistible magnetism. Her own hungers aroused, Koishi plunges into Val's world, believing she can stop any time she wants...only to find she cannot. Inspired by such notorious works as "Story of O", "The Image", and "Nine and a Half Weeks", "Dangerous" explores a modern woman's journey into submission and transformation. This shocking, unpredictable, and sometimes funny tale is a Twenty-First Century version of "Beauty and the Beast" seasoned with a dash of "Fight Club". This is literary erotica for the thinking person. It'll keep you up reading all night, then haunt you for days afterward. This Third Edition includes a new cover and a number of typographical fixes. If you've purchased this book before November 2012, please update your copy via the "Manage Your Kindle" section of your account. A sequel, tentatively titled "Desperate", is underway.
