Von Bertrice Small : Dangerous Pleasures (Pleasures Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dangerous Pleasures (Pleasures Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Too straight, need more lesbianVon ScoobyfanOverall a good book and a great read. However, there were a lot of straight sex scenes and only a few lesbian scenes. I would have liked to see more of a balance. I don't mind straight sex scenes, but a balance would have drawn me into the story even more. The Kendra twist was great! And it only got better as the story forged ahead. I was hoping for the ending the way it was and was glad to see what I was hoping for come true. Without spoiling the ending, I would have liked to see more between the two at the end. Or I would have liked to see it

happen a bit sooner in the book.
