**Von Charles Bukowski : Dangling in the Tournefortia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dangling in the Tournefortia:

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. First review? I'll take that honor. . . .Von Ein KundeIf you've found your way to this page you clearly either have an interest in Charles Bukowski or in tournefortia, which, I understand, is some sort of hanging plant -- tournefortia, I mean, is some sort of hanging plant, not Bukowski, who is a man. (Can't use "was" here, by God, because Hank will be with us

always.) Ahem. Bukowski, of course, is a poet, for some of us, make that for many of us, THE poet, the best damned poet of the 20th century, maybe of the ages. But, having found your way here, you know all that. I'm preaching to the choir. (Unless you are that rare tournefortia afficianado who cares only for plants and nothing for the sublime lines of the master. In that case, you must quit this place for a more horticulturally friendly environment at once. At once, do you hear?) There are many fine poems in this book: "The Lisp," "The Man at the Piano," "One for Sherwood Anderson," the list goes on and on. It's an outstanding collection, one any Bukophile should own. Hell, buy two and give one to a friend. That, at least will keep them from stealing your copy for a while, at least until someone steals their own and they need another -- damn it! -- right this minute and they know where you keep yours. Come to think of it, maybe you should buy three or four of every Bukowski title. God knows I've lost dozens of copies of his books through the years. I take solace in the understanding that they are still out there, still being loaned and stolen and loaned again, making the rounds from needy hand to needy hand and will be doing so from now till they fall to pieces or the end of things descends upon us all. 1 von 1 Kunden fanden die folgende Rezension hilfreich. If you are scared of the Naughty-bits Von dooley For those of you who appreciate the less carnal side of Charles Bukowski's writing "Dangling in the Tournefortia" is a great choice. It appears that what is most obviously dangling in this work is Mr. Bukowski's place in line, no longer at the far end of the unemployment line but not one soul away from entering the rest home either. On one hand you have poems like "My Big Fling" that describe how the Chinaski gets into a fight with his woman, storms out to a hotel, climbs into bed with drinks and watches TV...only to find out the next day he and his woman watched the same show from their respective beds. On the other, you have another poem that tells Old Bukowski's story of juggling three girlfriends all half his age (about 50). Much like the rest of us, Bukowski changes, if gradually and begrudgingly, over time and in spite of the critics of his later work this is still a fine piece of his writing. Check out "Screams from the Balcony" if you think that Bukowski spent his whole life indignant to the world. Then again I suppose he wouldn't care one way or another now about our little reviews. "Dangling" is a good book for the most part. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Need a drinking buddy? read this. Von Ein Kunde Absolutely top drawer. Whenever i get worked up over paying bills, decorating a house, having the right career, blah blah blah. I turn to this book, pick a page and start reading. Some of the poetry is distilled meaning of life. Some would say a woman wouldn't like Bukowski. Some probably wouldn't. To me he's like the print version of Tom Waits. Knows the meaning of life and drinks a beer to the struggle.

Kurzbeschreibung There is not a wasted word in Dangling in the Tournefortia, a selection of poems full of wit, struggles, perception, and simplicity. Charles Bukowski writes of women, gambling and booze while his words remain honest and pure. Kurzbeschreibung There is not a wasted word in Dangling in the Tournefortia, a selection of poems full of wit, struggles, perception, and simplicity. Charles Bukowski writes of women, gambling and booze while his words remain honest and pure. Synopsis More than a hundred poems about writing, mortality, the nature of success, and the relationship between men and women.
