Daniel's GiftVon Mariealana SalamoneUnknowingly to me, there were tears flowing down my cheeks as I held my breath reading rapidly in order to learn if Danny lives or dies. The unique gift Danny brings to his mother, Jen, who has

raised him since birth without alerting Danny's biological father, Luke, of Danny's existence, is VERY touching. Having children on the brink of teenage years myself and not knowing how they really feel, was accurately depicted in Freethy's development of Danny, a teenage boy who goes in search of his father. Upon returning to his mother from his first glimpse of his father's lavish life, Danny is hit by a car and slips into a coma. The tragedy brings his mother and father face to face. Luke, thinking the baby, Danny, had been aborted, is astonished to learn that he has a son. The devotion and love Jen has for her son makes Luke realize the loss he will have if he isn't given the opportunity to know Danny and re-acquaint himself with his soul-mate, Jen. I am now on a mission to read other books by Barbara Freethy.0 von 0 Kunden fanden die folgende Rezension hilfreich. angels and miracles!!Von Ein KundeThis was such a heartwarming story of a mother's love for her child, and the struggles of raising a child alone. Jenny and Luke met when they were just young kids, fell in love, got pregnant, and Luke wanted nothing to do with a child because his parents already had his life mapped out for him. Luke dumps Jenny and tells her to have an abortion but she couldn't go thru with it. Jenny has her son and raises him alone for 12 years, but as he grows up he wants to know about his dad and grandparents. So, he takes off to find his dad and gets in an accident on his way back home which puts him in a coma. Meanwhile, he meets his guardian angel who guides him back to life, and brings his mother and father back together. Daniels then comes out of his coma so that they can all be a family. A real touching story for anyone who is a mom and knows the special joy and bond between you and your child0 von 0 Kunden fanden die folgende Rezension hilfreich. Barbara Freethy Has A Wonderful Soul!Von Ramya KarumathyI've read this book for school and I must say this book was the most powerful story I have ever read. This book is not only heart warming it is also very spiritual. In her book Barbara displays heaven to be so very realistic. It gives a reader a sense that there must be something out there awaiting after death. I loved the plot very much and I encourage any reader out there who has experienced the lifestyle portrayed in this book, to read it.

KurzbeschreibungFrom #1 New York Times Bestselling Author Barbara Freethy comes an emotionally compelling story of love, family and a little bit of magic.In her impetuous summer of love, Jenny St. Claire found Luke Sheridan -- her dashing knight in intern's scrubs. But a fast-track future and rigid, ambitious parents drove passion out of Luke's life. And the summer ended, leaving Jenny with a broken heart... and a beautiful son, Danny, to help mend it.Years later it is tragedy that reunites them -- the father whom a son longs to know, and the mother who has tried desperately to forget. And as Luke and Jenny struggle to ignore the pain and desire reborn in a look and a touch, only the remarkable courage of a young boy -- and the help of a rather unorthodox guardian angel -- can offer them the most precious gift of all: a second chance at the love of a lifetime. s..."A warm, moving story of the power of love." Affaire de Coeur.deJenny St. Claire fell in love with Luke Sheridan one hot, lovely summer when they were both very young. But Luke's parents had other plans for their only son, and when the summer was over and Jenny was pregnant, he left her for medical school. Twelve years later, young Daniel St. Claire--son of Jenny and Luke--decides to look for his father, but his trip is interrupted by a reckless car. Although his physical body is trapped in a coma and tied to a hospital bed, his spiritual self is alive and well. Aided by a guardian angel named Jacob, he works to reunite his mother and father, and help his beloved cousins, uncles, and aunts confront and resolve their problems. Daniel's spiritual journey lends an added dimension to both the love story between his parents and the trials and tribulations of his earthly relatives.Pressestimmen"A warm, moving story of the power of love." --Debbie Macomber, New York Times bestselling author
