Mind fodder for the attention deficitVon Ein KundeI am being extremely generous in rating any of V.C Andrews books. In a world so messed up with incest and lies must we endure yet another book that is nothing but garbage? "Poor little

Heaven" tortured yet again. It makes you wonder why so many people today are prone to hysteria and other senseless acts of stupidity. The girls at Winterhaven were "so jealous" of "Fresh faced cornflower blue-eyed Heaven that they just "had" to pick on her and what could she do? Just sit there with her "bowels retching" and wondering "Why me!?!?" But then of course shes not really a "scum-bag" Casteel, but a "cultured Bostonian" WHATEVER!!!! And of course the down-home Fanny naturally turned tricks to survive. Heaven rised above her mire and proved what? I'll tell you what; it proved that mind fodder still reigns supreme in this world. And come on whats with the sick obsession of incest?!?!?!? Everyone wants a piece of Heaven's sweet a\$\$... Poor thing; first born into poverty and then thrown to the sharks {IE Tony} and the gal was nothing but scum!!! She screwed her own uncle {albiet unknowingly} TRASH TRASH TRASH.... Its so sad that our young women of today are reading this crap; They should be reading something a little bit more substantial. If they want to read about wanton sex and sex-starved depravity they should read the Bible.0 von 0 Kunden fanden die folgende Rezension hilfreich. A book that tells of the heartache that love tends to causeVon Ein KundeDark Angel was one of the best books, in the best series, I have ever read. Heaven Casteel finally makes it to Boston to live in the huge mansion that her grandmother and her husband, Tony, live in. But she realizes that her grandmother, Jillian, doesn't care about her in the way that Heaven wants her to. It seems that Tony is the only person she could count on. . . of course, that was before she met his younger brother, Troy. Heaven falls in love with the mysterious, handsome man that lives in a cottage behind the mansion. And he seems to love her back. But Tony had warned Heaven never to visit his brother. Afraid that she would lose another potential love, Heaven disobeys her guardian's orders, and fell deeper and deeper in love with Troy. But there is something that Tony doesn't want Heaven to know about Troy, and it isn't until he tells her that she wishes that she had never asked. . . Will Heaven ever be able to love Troy the same way? And what will happen between her and her childhood sweetheart, Logan?0 von 0 Kunden fanden die folgende Rezension hilfreich. It holds you in an almost sickening fascinationVon Ein KundeThe book, or should I say, the whole series, was excellent. The Heaven/Troy romance that you hear so much about was a tragic as it was beautiful. Even though it was based on incest, you couldn't help but wish it had worked out

KurzbeschreibungAt last, Heaven would find the happiness she longed for...free from the scorn and contempt of her past!In her grandmother's fine, rich Boston house, Heaven Leigh Casteel dreamed of a wonderful new life of new friends, the best schools, beautiful clothes and most important, love. The pearls of culture, wisdom and breeding would now be hers. Soon she would make the Casteel name respectable, find her brothers and sisters, and have a family again.But even in the world of the wealthy, there were strange forebodings, secrets best forgotten. And as Heaven reached out for love, she was slowly ensnared in a sinister web of cruel deceits and hidden passions!PressestimmenPraise for Virginia Andrews: 'Beautifully written, macabre and thoroughly nasty... it is evocative of the nasty fairy tales like Little Red Riding Hood and The Babes in the Wood, with a bit of Victorian Gothic thrown in. ... What does shine through is her ability to see the world through a child's eyes' Daily Express 'Makes horror irresistible' Glasgow Sunday Mail 'A gruesome saga... the storyline is compelling, many millions have no wish to put this down' Ms London 'There is strength in her books - the bizarre plots matched with the pathos of the entrapped' The TimesKurzbeschreibungAt last, Heaven would find the happiness she longed for...free from the scorn and contempt of her past!In her grandmother's fine, rich Boston house, Heaven Leigh Casteel dreamed of a wonderful new life of new friends, the best schools, beautiful clothes and most important, love.
