Amazing, thrilling: a sequel that steals your sleep  
Von William Haas  
I did not expect this book to be better than the first one, but it managed to surpass its predecessor and it literally stole my sleep as I was not able to put my kindle out of my hands before I read the last page.  
Since a year I am on a zombie novel trip and I read a lot of great series so far, but Loureiros "Apocalypse Z" is - in my opinion - truly the best one. Maybe it has to do with the fact that I am European

and so I can way better connect to the story, the location and the circumstances then in US based apocalyptic novels...\*Minor spoilers\*In this sequel the group reaches the "Save Haven" on the Canary Islands but the welcome is not as warm as expected and a series of happenings changes everything and crushes the hope for relative safety.\*End\*The events are dramatic, the characters grow even more on you and Loureiros way of writing hooks you instantly. Short chapters that usually stop in the most thrilling moments let you continue and as both connected story lines are simply breathtakingly thrilling, you just go on and on reading.I loved the fact that this is one of the rare books that explains the unfolding of the horror in a way that only Max Brooks managed it so far. The political mistakes, the media idiocy, the panic, the medicinal background: it is all there and it makes the story way more believable. There is action non stop without the usual glorification of weaponry and that tiring military jargon of so many other Z-Novels. But still military plays a huge role.The fact that he also includes political rivalry between monarchists and democrats, that - at the end - f\*\*\*s it all up sounded a bit far fetched at first, but thinking about it and looking at today's society: it just makes sense. We don't need Zombies to destroy ourselves. We manage that by our own, even in a crisis. Sure, people want to read about heroic deeds and glorious survivalists, but lets face it: humans are humans and even if there is so much beautiful about us: politics, religion, greed and basic instincts are a huge task to deal with...But let's stay with the novel itself: "Dark Days" is a worthy sequel, adrenaline pushing, with characters growing on you and the tragedy of events unfolding in that thrilling and grabbing story will not only satisfy Zombie lovers, but EVERYBODY who likes a thriller or a good horror novel. You should read the amazing first book, though, so you can really connect.I am happy that the translation of the third book is already in the works and got a release date here on , as the end of that one was so good and and exiting, that you simply crave for a clue to what could have happened.Don't let some of the reviews on .com drag you down and give it a try. And a big compliment to the translator. She did an amazing job!0 von 0 Kunden fanden die folgende Rezension hilfreich. Nothing really newVon IrrlichtjaegerI must say, I ignored the obvious pattern of the first book, because it was really well written and the thing with the cat was a nice touch. But after ten minutes into reading the second book I gave up this series, because it has the most annoying repeating plot pattern. And with this pattern I see no personal growth of the protagonists.It is always the same:We got overconfident ---- Zombies attackt us ---- we were saved in last minute and lucky that we lived ----till we get overconfident the next time.Every "frightfull" scene concerning zombies has the same pattern, that got too boring to me to continue with the series.0 von 0 Kunden fanden die folgende Rezension hilfreich. Die ganze Serie is cool :-))Von szachista\_zIch mag Zombie - Filme nicht aber ich kam zufllig auf die Serie (Kindle- Leseprobe) und war dann dem Buch verfallen . So wie es mit guten Bcher sein soll, man kann nicht aufhren zu lesen. Warum - dass muss jeder fr sich entscheiden - fr mich war es die Story, das Endzeit Szenario, etc....ich schlage vor: starte mit Leseprobe und dann ist alles klar!

KurzbeschreibungThe electrifying sequel to international best seller Apocalypse ZThe Russian-spawned virus that kills swiftly then ghoulishly resurrects its victims as ravenous cannibals has breached international borders. The infernal progression From outbreak to epidemic and pandemic to sheer panic, the virus has shredded global civilization. Promised safe havens become deathtraps, lawlessness crumbles any remaining symbol of authority, and political violence in Spain threatens to erupt in civil war.TrappedIn the thick of the deadly madness, the young lawyer finds himself escaping to the Canary Islands in a stolen chopper with a motley crew made up of his Persian cat Lucullus, Ukrainian pilot Viktor Prit Pritchenko, 17-year-old beautiful distraction Lucia, and Sister Cecilia, who was trained as a nurse. The distant isle of Lanzarote is rumored to be the only refuge out of the viruss reach. But with relentlessly multiplying hordes of the living deadand equally fatal human treacheryblocking their every move, their quest for survival is quickly becoming a suicide mission. Dark Daysber den Autor und weitere MitwirkendeAn international bestselling author, Manel Loureiro was born in Pontevedra, Spain, and studied law at Universidad de Santiago de Compostela. After graduation, he worked in television, both on-screen (appearing on Television de Galicia) and behind-the-scenes as a writer. Apocalypse Z, his first novel, began as a popular blog before its publication, eventually becoming a bestseller in several countries, including Spain, Italy, and Brazil. Called the Spanish Stephen King by La Voz de Galicia, Manel has written three

novels in the Apocalypse Z series. He currently resides in Pontevedra, Spain, where, in addition to writing, he is still a practicing lawyer.
