Von Christine Feehan : Dark Descent: Number 11 in series (Dark Series) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Descent: Number 11 in series (Dark Series) (English Edition):

chopped off. I wouldn't have minded it the next one had taken it up, yet nothing. Not so in the next one either. I'd hoped Christine Feehan had not picked up this bad habit. I hope she doesn't in the future do that again. 1 von 2 Kunden fanden die folgende Rezension hilfreich. All Dark series ingredients in a short version, just not much of a story Von Susan Evil vampires, good carpathians with sex-god-features and a woman who is going to find the love of her life. Somehow it is not enough that this time the woman is a fighter too and will not stop fighting to put the carpathian need for protection of the females to rest. Feehan books just soo don't get any more interesting. I am glad for the Kindle version, so I was not bothered to put the book in the bin after reading.

Kurzbeschreibung Dark Descent tells the story of Joie Sanders, a bodyguard, and Traian Trigovise, an ancient hunter, meeting after a battle in a deep cave filled with mystery and wonder. Set in the Carpathian Mountains, Joie, with her brother and sister go caving and come across the ancient warrior beset upon by several vampires. They have no choice but to throw their lot in with the hunter and do their best to escape with their lives from the underground labyrinth filled with ancient traps left behind by a powerful race. A fantastic novella by Christine Feehan, never before published in the UK, and now expanded with 100 pages of new material Piatkus Entice: temptation at your fingertips Kurzbeschreibung Dark Descent tells the story of Joie Sanders, a bodyguard, and Traian Trigovise, an ancient hunter, meeting after a battle in a deep cave filled with mystery and wonder.
