Janice Daugharty's book is sensuous and romantic.Von Ein KundeJanice Daugharty is a fantastic storyteller. She creates original storylines and unforgettable characters. "Dark of the Moon" is sensuous and romantic, but life affirming as well. The central character, Merdie is unhappily married to an abusive man. When a stranger enters their closed world,

she must decide whether to remain the dutiful wife and stay with her family or lose everything and leave with the man she has fallen in love with. Merdie's dilemma is enlightening and inspiring; sometimes you must follow your heart. I loved this book so much. Janice Daugharty is a remarkable writer and I am desperate to read any new book that she has written.0 von 0 Kunden fanden die folgende Rezension hilfreich. The best novel ever about moonshiners their antagonistsVon Ein KundeA wonderfully sensitive, closely detailed, and altogether excellent novel of an old-moonshine, new-marijuana family and the ATF agent who blows themn apart with love, set on the Florida-Georgia border in the early 1990s. Janice Daugharty is the latest great writer to wear the gorgeous Sounthern-gothic mantle, and she does it justice, as a worthy, witty heir to Flannery O'Connor. Her style sings with new Southernisms and timeless poetics, her characters come to full contradiuctory life in every crackling scene, and her imagination satisfies every last yearning a reader might have. This novel's a gem!0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent novel!Von Ein KundeWonderfully written. Daugharty has a true "voice of the South". This story grabs you from the start and keeps you going.
