Language and writing style simple and could be more interesting and engaging.0 von 0 Kunden fanden die folgende Rezension hilfreich. EnjoyableVon FrauGReally enjoyed this. It didn't get 5 stars because it could have been just a little more thrilling but I would certainly recommend

Spannende Unterhaltung Von Pepino Die Handlung braucht etwas, um in Gang zu kommen, aber dann bietet das Buch wirklich spannende Unterhaltung mit vielen überraschenden Wendungen. Gut gefallen hat mir auch die Erzähltechnik, die zwischen unterschiedlichen Perspektiven der Hauptbeteiligten wechselt.
