Von Iris Johansen : Dark Rider before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Rider:

KundenrezensionenHilfreichste Kundenrezensionen1 von 2 Kunden fanden die folgende Rezension hilfreich. skip this

oneVon Ein KundeFirst of all, the reviewer before me did not even refer to the correct book in her review. This book has nothing to do w/ there being 2 gods. She is refering to Dark Rider, another book by the author. That aside, this book is just alot of bickering and sex. Neither main character is especially sympathetic and Cassie's breasts had a bizarre tendency to swell every time she became aroused, which may have been useful in case of a shipwreck during the voyage from Hawaii to England, but is otherwise just annoying!1 von 2 Kunden fanden die folgende Rezension hilfreich. I enjoyed reading the book and loved the characters.Von Ein KundeI enjoyed reading "DARK RIDER",and I loved Cassandra and Jared. The chemistry between them was electrifying. I think Cassie tried a little too hard not to fall for Jared, even when it becomes obvious that he could not resist her. It was Iris Johansen best book I have read so far0 von 2 Kunden fanden die folgende Rezension hilfreich. GOOD!Von Ein KundeIt was good but it could have been better but I still suggest that you read it because everyone got different taste in novels..

KurzbeschreibungAn electrifying tale of deadly and forbidden desire that sweeps from the exotic islands of a tropical paradise to the magnificent estates of Regency England. Cassandra Deville's carefree life on the islands of Hawaii is shattered by the sudden arrival of a savagely seductive stranger. She's the key to Jared Daremount's plan to avenge his father, actually only a pawn in his plans, but once she becomes his captive, Jared realizes she's a prize he can never surrender.From the Paperback edition.From Publishers WeeklyCassie Deville rips off her own bodice at the start of this new romance by the author of Midnight Warrior. When Jared Danemount, Duke of Morland, meets the bare-breasted, sarong-swathed heroine on the beach in Regency-era Hawaii, he thinks she's just another Polynesian maiden. He doesn't know, as he tries to ride her wild stallion, Kapu, and gazes hungrily at her pectorals, that she is the daughter of his sworn enemy, Charles Deville, an artist who betrayed Jared's father during the Terror. Cassie offers herself as Jared's sexual hostage if he will take her, Kapu and Lani, Charles's Polynesian mistress, back to Europe with him so that she can try to save her father's life. Although, in a bit of role reversal, Cassie goes nightly to Jared's cabin aboard ship, she will not spend the night or give her heart. Johansen, who specializes in hot talk and steamy sexual politics, is less skilled once her lovers disembark. In unimposing Regency set pieces, Cassie makes friends with Jared's French ward, Josette; she shocks British high society with a low-cut red dress; she tries to save Jared's life as he stalks the cruel French villain. In a disjointed way, Johansen has provided sex talk for grown-ups and other scenes for adolescents.
