Spannung und LesefreudeVon G. J. MatthiaGekauft habe ich das Werk nur wegen der netten Geschichte von Stephen King - dann aber festgestellt, dass auch die anderen genauso lesenswert, spannend und hervorragend geschrieben sind. Von vorne bis hinten eine Lektre, die man ungerne aus der Hand legt - und bei dem Preis sollte auch kein Thrillerfreund

lange berlegen mssen.Daumen hoch!

Kurzbeschreibung Stephen King, Kelley Armstrong, Bill Pronzini, Simon Clark, and Ramsey Campbell are the first contributors to a mind-bending new series of short-story collections that push the boundaries of horror and dark suspense to the bleeding edge. From Brian James Freeman and Richard Chizmar of the acclaimed Cemetery Dance Publications, *Dark Screams: Volume One* reaches across genres to take readers beyond the precipice of mortal toil and into the glimmering void of irreality and beyond. *WEEDS* by Stephen King When a meteorite lands on his property, Jordy Verrill envisions an easy payday. Unfortunately for Jordy, this is no ordinary rock and the uncompromising force inside has found its first target. *THE PRICE YOU PAY* by Kelley Armstrong Never pay more than you owe. Sounds like easy advice to follow. But for Kara and her childhood friend Ingrid, some debts can never be repaid . . . especially those tendered in blood. *MAGIC EYES* by Bill Pronzini Edward James Tolliver has found a weary sort of asylum among the insane. He knows hes not one of them but how can he tell anyone about the invaders without sounding that way? *MURDER IN CHAINS* by Simon Clark Imagine awaking to find yourself in an underground vault, chained by the neck to a murderous lunatic, a grunting goliath who seems more animal than man. What would you do to save yourself? *THE WATCHED* by Ramsey Campbell Little Jimmy gets a glimpse of the cold truth when he finds out that its not always what you see that can get you into trouble; its who knows what you see. Praise for *Dark Screams: Volume One* A wicked treat [featuring] some of the genres best . . . *Dark Screams: Volume One* is a strong start to what looks to be an outstanding series. Hellnotes A solid collection of quick reads, a nice selection of appetizers that represent the horror genre and many of its incarnations well. *October Country* These tales are well written, fun to read, and a great way to kill a winter afternoon. Recommended for fans of short-story collections and dark fiction! *Horror After Dark* If *Volume One* is any indication of quality, Im all in for the rest of the series. *Not Too Terrible* The editors have set themselves a high bar to meet in future volumes. . . . Its going to be a solid series. *Adventures Fantastic*
