KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Book 3Von Detra FitchIn early 1989 at St. Ansel College (in Stone River, Maryland), Professor Stephen Madden was one of

the top in the English field. Universities, world-wide, vied for him to give lectures on their campuses. He was next in line to be the Head of Celestine Hall. So his nineteen-year-old daughter, Nina Madden, stopped short as she witnessed her larger-than-life father being arrested and charged with the rape and murder of four students. Confused and emotionally adrift, Nina washed her hands of her father, her stepmother (Olivia), and her stepbrother (Kyle). Today, sixteen years later, Nina Madden is a book editor in New York City. Her best author and friend is Regan Landry. Regan's late father had been a famous true crime writer. Regan is continuing in her father's footsteps. So naturally Nina goes to Regan for help digging into the past crimes of her own deceased father. Olivia has recently died and while going through her father's things, Nina reads a letter from her dad to Olivia. In the letter, Stephen admits to having affairs with his students, but not in their deaths. In fact, he accuses Olivia of defiling the girls and murdering them. But that is impossible, right? Regan and her FBI boyfriend, Mitch Peyton, begin digging. Detective Wes Powell, Stone River Police Department, very reluctantly joins the investigation as well. As Nina learns more and more about Stephen and Olivia's pasts, a killer becomes uneasy. **** I love how the author makes each novel of this series a stand alone book, yet keeps Regan and Mitch as an ongoing sub plot. If you are looking for a "Romantic Suspense", go elsewhere. Mariah Stewart is pure "Mystery Thriller". Stewart's stories, such as this dark tale, clearly shows that she enjoys her work. It also shows how twisted and devious her imagination is! As you read, do not assume that you know who the killer is. You may be dead wrong. (Pun not intended.) Terrific addition to the "Truth" series. **** Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung From New York Times bestselling author Mariah Stewart comes a novel of sexy romantic suspense for fans of Nora Roberts, Catherine Coulter, and Karen Robards. WILL THE TRUTH SET HER FREE OR SET A TRAP? Murder didn't end Nina Madden's life; it destroyed it. When her father was charged with the serial killings of several college students, Nina and her mother became pariahs in their small Maryland town. Though Nina never believed the hideous accusations, evidence led to her father's conviction and guaranteed the death penalty. After the execution, Nina left Stone River to escape the hatred and persecution . . . but she couldn't shake the lingering doubts. More than twenty years later, those doubts are stirred to grim life. A new series of murders is plaguing Stone River: a killing spree that bears a striking resemblance to the one that sent Nina's father to the death chamber. And Nina isn't the only one disturbed enough by the gruesome events to take notice. Wes Powell, the cop who pursued the original case, can't ignore the eerie similarities between the crimes . . . nor their harrowing implications. Drawn back into a mystery that refuses to die, Nina and Wes will cross paths on their dangerous quest and find themselves in the crosshairs of a bloodthirsty predator. In matters of crime, there are many versions of the truth. BONUS: This edition includes an excerpt from Mariah Stewart's *Final Truth*.
