book for an honest review. And I am so happy I got it. I also read the other books in this series, but this is kind of different. The difference is that Luke is a lone wolf and not a member of a pack anymore. He has a terrible past and struggles to keep into his human form. Tamryn has her own problems, living alone with her grandfather. Being back after so many years. Not fitting in really well. Luke helps her with her grandfather one time and from that time she keeps on getting pulled to him. Logically, because she is his mate. But Luke is afraid of his own demons and to turn into one he keeps her at a distance. Tamryn is a strong woman and doesn't let Luke get away with that. She fights for him and herself. Against the town and against her grandfather. Things turn for the worst when Luke runs and her grandfather is in the hospital and the bad police guy is still after Tamryn for his own reasons. Lots of emotion, adventure and erotic moments in this story. Loved it. The moment when her grandfather leaves the hospital and something bad is happening (not want to spoil by saying what did happen) and the moment her grandfather thanks Luke for his help was so touching. Looking forward to read more in this series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hidden For Ten Years. Von Ingrid Stephanie Jordan 5 Stars Title: Dark Wolf Wild Lake Wolves Series Book 2 Author: Kimber White #Paranormal #WolfShifter Hear we go again another mysterious twister, just I thought yeah, something else happens. This a stand alone but some turn of events are in Rogue Alpha Book 1, which made me happy I read it. Ms. White had me immediately reading chapter after chapter glue to my seat. Oh yeah I recommend his book, but also it's a Must Read Series. Tamryn Kane also known as Bucket, had a happy, healthy childhood than about a few weeks before her ninth birthday everything changed, everything dear to her was gone. Only her grandfather was left but he sent her away. Ten years later she was back, something was odd in her home town in Oodena, Michigan. But what? Luke Tully is a wolf, living in a cabin on the other side of Wild Lake. Things weren't going so good lately, his wolf want to stay a wolf for days on end, Luke knew he was in trouble. But who could help him? He was on his own, or was he? I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung A standalone full length romance novel of sexy, shifter werewolves! Luke Tully has a dark side. He spent a decade under the control of a powerful, ruthless Alpha who made him do things that would have broken lesser men. Though he found the strength to break free, he knows he can never live under pack rule again. He comes to a far off outpost on Wild Lake lands to see if there's anything left of the good man he knows he once was. But, when he meets Tamryn Kane, she stirs his wolf and long buried passions within him that just might bring out the darkness inside him he's tried so desperately to contain. Like Luke, Tamryn knows all about life as an outcast. With her Irish roots and flaming red hair, she never quite fits in with her mother's people, the proud Odawa of Oodena, Michigan. What's worse, she's been warned about men like Luke. Her grandfather calls him Wendigo. A demon. But, when Luke's lips brush hers, when his tortured soul calls out to her, she can't turn away. Though their love may be cursed, the pull between them feels like fate. Can this beauty finally help quell the beast inside of Luke? And when Tamryn learns the truth about Luke's past, can she love him anyway? Readers Note: Each book in the Wild Lake Wolves series is a full length, standalone, cliffhanger free, super sexy, werewolf shifter romance. You can read them in any order but the smoking hot events within each happen chronologically. These wolves like it rough! If you're not into that, you might want to sit this one out. However if you like hot, dominant, alpha male werewolf shifters and the kickass heroines who will do anything to please them, then one-click away and enjoy the ride!

ber den Autor und weitere Mitwirkende As a civil lawyer, I spent many, many years writing complex legal briefs for unappreciative bosses. To keep from stabbing myself (or them) in the eye with a fork during all of that, I also started writing down the stories in my head. All on my own time, of course ;) Turns out, I'm a sucker for hot, alpha male shifters and kickass heroines. Now, I've thrown away my shingle (er - more like burned it in a fire pit) so I can devote my time to bringing you sizzling, erotic, paranormal romance stories. If you like hunky, bad

boy shifters, women who know what they want in and out of the bedroom, panty-melting sex scenes, and edge of your seat suspense, I've got you covered! We'll put the rahr in erotic romance (okay, okay, that sounded better in my head).
