**Von Suzanne Tyrpak : DATING MY VIBRATOR (and other true fiction) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised DATING MY VIBRATOR (and other true fiction) (English Edition):

Great fun!Von Sibel HodgeSuzanne Tyrpak is a natural story teller, and I was cracking up out loud quite a lot during some of the collection. At the same time, though, the stories are also quite sad, and they're a great insight into the dating game after her divorce. I recognized quite a few traits of the men she dates, and they're pretty scary!Dating My

Vibrator is a roller-coaster of emotions, and a bare-all (not literally!) book that women and (hopefully!) men can relate to. If you're looking for a fun read, you've got to check this out!

**Kurzbeschreibung**This is a collection of **NINE SHORT STORIES**, all based (unfortunately) on my own experience. Dating, divorce, desperation--all that good stuff! After nineteen years of marriage, I was suddenly thrust into a brave new world of dating--online, offline, standing in line, listening to lines--and I've survived to tell these tales. **CAUTION:** if you're contemplating divorce, these stories may convince you to consider marriage counseling. If you're out there dating, chances are you will relate. **OMG!** Here's a scary thought: maybe you've met some of these guys! Names have been changed to protect the guilty. These stand-alone stories range in length from 500 words to over 3,000 words. The collection is a total of 14,613 words, approximately 55 pages.**Note from the author:** After being married for nineteen years, my husband wanted a divorce. The good new is that we're still friends. In fact, when I recently had a bad accident resulting in three emergency surgeries and an amputated toe, he really helped me out. So that's a happy ending. However, dating wasn't quite as happy. These nine short stories reflect my experience. Most people find many of the stories funny.(One isn't supposed to be funny, and most are bittersweet.) Some people don't. I can't guarantee you will, but I do guarantee that I poured my heart into these stories, and I love sharing them with readers.
