Von Raymond E. Feist, Janny Wurts : Daughter of the Empire before purchasing it in order to gage whether or not it would be worth my time, and all praised Daughter of the Empire:

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Great political machinations!Von StaceyI had to laugh when I read one of the reviews for this book. The writer called it boring and said if you liked Raymond Feist you would not like this book. I totally agree. I picked up Feist's books because of my absolute adoration of the Empire series. I was shocked. Feist's books are soooo poorly written and

simply plotted. Where was all the wonderful political intrigue, suspense, and plot manipulation like that found in Daughter of the Empire? Feist's books read like outlines of "how to write a formulaic fantasy book." Granted, they are probably entertaining to teen-age boys or someone just getting into the fantasy genre, but the Empire series is definitely for a more intelligent, thoughtful reader. Together Wurts and Feist have created a wonderful new world and peopled it with interesting characters doing very interesting things. It is not about swords and sorcery, it is about a heroine who manipulates the restrictions and resources of her culture to survive. If you like a book that keeps you guessing, takes unexpected twists and turns, and challenges you to keep up, this is the book!

An imaginative plot that evolves intelligently and at a well timed pace, along with well-developed and genuinely interesting characters form the focus of this novel. Readers will find elements of romance, humour, drama and surprise finely interweaved in the fabric of the storyline. The plot evolves around on the life of a young girl, Mara, who inherits her father's seemingly defenceless estates when her father's army is betrayed and decimated. Casting aside all remorse and bitterness, Mara must discover her leadership talents and master them to achieve the upper hand in a dangerous game of political intrigue. Intelligent and crafty, she will seek to gain trust, friendship and above all confidence to face her enemies which plan her demise. Mara's emotional conflicts, her strengths and weaknesses are the elements of a character so human that it is impossible not to relate to. A story of friendship, family, honour and destiny, the book explores to its full depth the magic of the human spirit. It is both impossible to put this book down once you've picked it up and not to buy the rest of the trilogy once you've read it.

The book transports you to another world in another dimension. Though if you have any knowledge of the far east, honour ridden cultures, you would realise that you are not that far from home. It is an amazing tale of honour, tradition, politics, plotting and intrigue. The research that has gone into this book is obvious, and although it is set in a mystic land with just a touch of magic, anyone with a love for political intrigue, or indeed a penchant for a classic tale of rags to riches, will adore this book and its follow ups. I would happily recommend them to anyone.

Kurzbeschreibung Book one in the magnificent Empire Trilogy by bestselling authors Raymond E. Feist and Janny Wurts, now available in ebook format. Enter the mysterious and exotic world of Kelewan Mara, the youngest child of the ancient and noble Acoma family, is about to take her pledge of servitude to the goddess Lashima when the ceremony is disrupted by news of her father and brothers death in battle. Despite her grief, as the only surviving member of her house, Mara must now take up the mantles of Ruling Lady. But she soon discovers betrayal at the heart of her familys loss, and the Acomas enemies have brought her house to the brink of utter destruction. Daughter of the Empire is the magnificent first book in The Empire Trilogy by Raymond E. Feist and Janny Wurts. Mara, an inexperienced political player, must draw on all her wit, intelligence and cunning to navigate the ruthless Game of the Council, regain the honour of House Acoma and secure the future of her family. But with assassins waiting around every corner, it might take everything Mara has simply to survive. Daughter of the Empire is the first in Feist and Wurts wonderful epic trilogy one of the most successful fantasy collaborations of all time. The trilogy continues with the second book, Servant of the Empire.
