pleasurable get-away for anyone wanting a brief respite from real life between the pages of a historical romance coupled with the element of time travel.0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice but... Von LobinaI really liked the story but somehow find the characters lacking in emotion. I would have expected a little more romance when people talk about love or live together. Here love is more a statement than a feeling.

Kurzbeschreibung "Sarah Woodbury is my new favorite author. Daughter of Time reminds me of Outlander and 1632, with a fresh twist. I read all the books in the After Cilmeri series in four days! Long after I finished the last book, the stories and characters stayed in my mind, and I kept wishing I could return the world Sarah so skillfully created. I can't wait for the next book and the next ..." -- Debra Holland, New York Times bestselling author of the Montana Sky Series. _____ A medieval man with an uncertain destiny, Llywelyn, the Prince of Wales, faces treachery and deceit at the hands of friends and foes alike ... A modern woman with a troubled past, Meg's life is in tatters when she slips through time and into medieval Wales ... Only by working together can Meg and Llywelyn navigate the shifting allegiances that threaten the very existence of Wales--and create their own history that defies the laws of time. Daughter of Time is appropriate for teens to adults and is followed by Footsteps in Time, Book One in the After Cilmeri series. ***A note from the author: I am so happy to be able to share with you this prequel to the After Cilmeri series. I created Footsteps in Time and Prince of Time first, and only wrote Daughter of Time after so many readers wanted to know how the story began. Meg's journey is continued in Footsteps in Time and Winds of Time, a novella that is meant to be a companion to the series. Happy reading! _____ --From The Kindle Book : While a time-travel romance, the relationship between Meg and Prince Llywelyn of Wales is not clich. It's truly two people struggling to overcome their different backgrounds and the current political climate of 13th century Wales to follow their hearts. The completely fresh storyline of a Daughter of Time is one of the strongest aspects of this story. Daughter of Time is a sweetheart style romance in that the sexual scenes take place off stage, and an enjoyable look at chivalry in a way that explains how functional it was for the time period, and not just a clich romantic notion modern readers have about knights in shining armor. Overall, I give this book 5 stars and recommend you grab a copy or at least download a sample for yourself. Kurzbeschreibung "Sarah Woodbury is my new favorite author. She went on to get more than enough education herself (in anthropology) and began writing fiction when the stories in her head overflowed and demanded she let them out. Her interest in Wales stems from her own ancestry and the year she lived in England when she fell in love with the country, language, and people. She even convinced her husband to give all four of their children Welsh names. She makes her home in Oregon.
