A nice and convincing storyVon Claudia ReichertShawn, a lesbian single and Susan, a divorced heterosexual, meet in the seclusion of a national park, get to be good friends and in the end, fall in love with each other. Maybe some people will say: this story firms a popular cliché and is not new at all. There exist many books about lesbians falling in love to

(supposed) heterosexuals. Nevertheless, I enjoyed reading because the author pictures the story in a lively, stirring and convincing way. I understood the feelings of Susan and Shwan all the time - and that's because the author made it feasible to me. It was also interesting for me to learn about the moral values of this segment of American society Susan belongs to and which are conveyed by the character of Susans sister Ruth. For most people in my country, 16 is quite a normal age to have sex for the first time (many girls are even younger and most people see this as normal) and 20 is absolutely normal for drinking alcohol in front of your mother. I was surprised that having sex with 16 sounds even for the "relaxed people" in this story like child abuse.... So that was also very interesting to get to know about this kind of (US-)society. The only point of criticism: it is quite "over-the-top" that just Susans daughter Lisa turns out to be a lesbian, too. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Gerri did it again. Von high art I am seriously wondering how Gerri Hill always does that. I haven't read one book by her that wasn't good. She has a way of letting the reader look into her characters that is unique...you feel with them...you love them and can't help but cheer them on. Highly recommended. 0 von 1 Kunden fanden die folgende Rezension hilfreich. dawn of change Von Customer the story is well written. I liked the way gerry hill describes the way a woman can be free from customs and rules set bei others to guide and control her life. a new beginning is possible for women that has thought their lives are over because they're no more young.... it's a dawn of change.
