**Von R.S. Carter : Days of Love and Blood (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Days of Love and Blood (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. spannend...Von MarlaMich hat die Beschreibung, "A futuristic love story and post-apocalyptic zombie book for women. Without the zombies" interessiert. Ich finde Endzeitbcher interessant und lese hin und wieder auch mal ein Zombiebuch und bin eine Frau. Insofern war das tatschlich das perfekte Buch fr mich. Zumal die "Homicidals" deutlich realistischer und gefhrlicher als Zombies sind.Das Buch htte noch ein paar hundert Seiten lnger sein knnen

oder der Anfang einer Serie. War fast bisschen traurig, dass es so kurz war. Einige der emotionalen Verstrickungen waren schwer nachvollziehbar und die "Heldin" kam einem in Sachen Liebe manchmal ein wenig naiv vor. Außerdem haben die Passagen aus ihrer Vergangenheit ein paar offene Fragen hinterlassen. Aber das hat das Buch nicht wirklich schlechter gemacht.

KurzbeschreibungA futuristic love story and post-apocalyptic zombie book for women. Without the zombies. 'Homicidals' are worse than zombies. They hunt in parties and utilize weapons. The Demon Virus spreads worldwide in a matter of days leaving nothing but a few uninfected people in its path along with disease-riddled survivors who possess homicidal tendencies. Depending on her Katana swords for protection and her ability to wield them, Carson drives across the country, back to her parents farm, with her son Ronan to begin a new life in a post-apocalyptic world. There she discovers more uninfected people like herself and attempts to build new relationships after the devastating loss of her husband. Two men distract Carson from her grief, each possessing different characteristics that she found, loved and needed in her husband. But neither of them embody all of which she lost in her husband's death. Her new situation makes their appearance hard to ignore. The need for human interaction intertwines with the daily struggle of tribulation, remorse and adjustment, revolving around the constant battles between the uninfected and the last remaining homicidal maniacs. 'Days Of Love and Blood' is a story which examines the bonds created between people in times of change with an unexpected shocking end that will have you questioning your own threshold for pain.
