like women sleuths and cooking, this is the one! Von S. Vanlammeren I just love this book series! It has a predictable storyline, a cozy setting, and delicious recipes. You might also want to try My Berlin Kitchen.

Kurzbeschreibung In this delicious follow-up to *Murder on the Rocks*, developers have returned to Cranberry Island. This time, they're planning to wipe out a natural cranberry bog, along with the island's namesake berries, to build a luxury subdivision. Natalie Barnes isn't sweet on the idea of commercial interests souring their cozy oasis, but the single innkeeper has other problems on her plate: a withering relationship with her best friend Charlene, the sudden appearance of her ex-fianc with a tempting proposal, and eerie bumps in the night suggesting the Gray Whale Inn is haunted. Worst of all, there's a killer on the loose, picking off people like ripe fruit. When Charlene's lover the handsome chaplain with a stake in the development is stabbed to death, Natalie promises to find the murderer for her griefstricken friend, who's also the number-one suspect.
