Von Elliott Kay : Dead Man's Debt (Poor Man's Fight Series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dead Man's Debt (Poor Man's Fight Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A fast

and hard ride Von Georg Sebastian As the conclusion of the Poor Man's Fight trilogy, the adventures of Tanner Malone continue to entertain the reader with their humor and fast-paced action scenes, as expected from the previous books. Not to spoil the fun, but Tanner begins to look like a sci-fi version of Chuck Norris, kicking ass, taking names and doing murder-math in his head. At times, the broad cast can be confusing, so it helps if you read the first two books, not only for that, but because of the genuine style, humor and originality that are present throughout them. Having read all three books, I can't wait for Elliot Kay's next publication.

Kurzbeschreibung WE REQUIRE A DIFFERENT BATTLEFIELD. Nobody expected the war to last three hours, let alone three years. The star system of Archangel holds the line against invading corporate fleets, but a quarter of its territory is already lost. The navy can't hang on much longer. Faced with this grim truth, Archangel's leaders shift their strategy to diplomacy and espionage. For both arenas, they call upon a reluctant weapon: a frontline grunt named Tanner Malone. These days, Tanner doesn't aspire to win the war. He merely wants to survive it. Now he'll be thrust into the center of events once again, pulled back and forth from covert missions to the media spotlight. Yet with every battle, he gets closer to the old enemy hidden in the shadows, and the ugly truth about the war that could unravel everything Archangel might hope to win.
