Von Ruth Saberton : Dead Romantic: a deliciously spooky romance (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dead Romantic: a deliciously spooky romance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice...Von xie... it's ok. The idea for the story is somehow cute. And I liked the overall atmosphere and the message of the book.But -phew!- there are lengthy passages, which are totally unnecessary.I really found it quite annoying that the

heroine seems to have all her thoughts, insights and revelations twice or thrice or even more often. Also, the reader knows what will happen some ten chapters before the characters in the book! The end is a bit cliché, but that was to be expected. (Even so, the last chapter could have been much shorter!) If the author had skipped all the repetitions, the over the top clichés, the absolutely predictable behaviour patterns and the sometimes a bit boring, extremely exaggerated cloud-nine-romance and instead had added a few more twists, slightly more 3-dimensional characters, the book would have been 1/3 shorter, 50% more entertaining and still heartmeltingly romantic!

0 von 0 Kunden fanden die folgende Rezension hilfreich. A perfect romcom
Von CdeSI enjoyed every page of this story. It has all the ingredients needed to make the perfect romcom plus some additional extras: a swoon-worthy hero, an amusing flatmate, a villain out to trip up the heroine. I highly recommend this book

0 von 0 Kunden fanden die folgende Rezension hilfreich. Super chick lit
Von Eine Mama Very nice read. Everything a girl likes to forget everyday life and to wind down. Not too demanding but engaging read. Enjoyed this one even more than other books from the same author.

Kurzbeschreibung What do you do if you come face to face with a ghost? Put it down to a bump on the head and work stress if you're a respected academic like Cleo Carpenter. With Christmas approaching, professional rivalry afoot and a best friend determined to interfere in her love life the strain is clearly starting to get to her. Guilt-stricken and deceased, Alex Thorne is desperate to make amends with his brother, Rafe, a tortured musician trapped in a spiral of destruction. When an encounter with Cleo forges a link between them she becomes his only hope. So what if the only person who can see him is a sceptic? As Cleo starts to doubt her sanity, the safe world she takes for granted crumbles around her. Setting out to regain control and prove once and for all ghosts don't exist, she embarks on a journey of self discovery and surprise, learning that love really does defy science, logic and maybe even death
