one continues the story of Francesca Cahill and Rick Bragg. Rick is the police commissioner, Francesca is a millionaire's daughter, and together they solve crimes. They have also fallen in love, but Rick is unable to court her as he is already married. He doesn't love his wife, they have lived separately for four years, since shortly after their marriage. Rick's half brother has come on the scene and is adding extra excitement to the story. The crime element in this book is as always, a very good whodunnit, but the relationship between Rick and Francesca is a sweet torture and I am now going to read the next book to see how it progresses. Francesca also has a sister who is married and is having problems, she has a brother who is to marry someone who he doesn't love. The feeling is mutual. And there are also some other secondary figures who cause chaos and uproar in Francesca's life. Truly a great series, and one wonders how many books there will be!

Kurzbeschreibung As the heiress to a vast fortune amassed by her millionaire father, Francesca Cahill's life should be mapped out for her: find an eligible suitor, marry, and have children. But Francesca is an unconventional young lady who is not about to give up her knack for sleuthing--even though she was almost killed in her last outing...Murder strikes once again in the seamy underbelly of New York's high society, exposing scandalous secrets and unleashing an intense investigation into one of the most brutal crimes the city has ever known. Francesca must join forces with Rick Bragg, New York City's Police commissioner and the man he cannot resist loving, as their search takes them through a twisted labyrinth of menacing lies, corruption, and a passion that refused to be denied...Pressestimmen "Joyce excels to creating twists and turns in her character's personal lives."--Publishers Weekly
