KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great romantic suspense; Deadly-series 1Von S. FischerJesslyn Black lost her husband and children in a car accident a few years ago. Since then she has led a secluded and unhappy life as an author in a smalltown. Then Aiden Kinncaid, the successful CEO of a hotel chain run by his family, rents a room at her house to oversee the opening of a new resort in

town. He has his own problematic past to overcome. The two feel attracted, but since both are very strong-headed the sparks are flying in more than one way. And then a serial killer first kills Jesslyn's friend and targets her as a witness. Will Aiden be able to protect Jesslyn and will she find the courage to open herself to love and life again? I was quite impressed with this book. The characters - including the killer - have depth, the plot is very good, there's humour and intelligence, and the whole reading experience was very enjoyable. It's a great debut and the other titles in the series (Deadly obsession, Deadly ties, Deadly games) are even better. So this is definitely worth buying. It's different from J. D. Robb, but I think you could enjoy this if you like her Eve Dallas-series. Angel Eyes Deadly Ties Deadly Games] [[ASIN:1586086944 Deadly Obsession Naked in Death (In Death)
