**Von Diana Duncan : Deal with the Devil (Devilish Devlins Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Deal with the Devil (Devilish Devlins Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. fun readVon LauraI really enjoyed this one for a lot of different reasons but one of the main points is probably that I had never before read a book where someone worked on video games. Although I actually know people who want to go into that branch of IT, I had never before read about it in a novel. Found it very refreshing since "exotic" jobs for

women in novels usually stop at songwriter/composer/witch, etc.

Kurzbeschreibung When Irish eyes are smiling beware! Because trouble and love isn't far behind! Paradise for software designer Cynthia Wagner means uninterrupted solitude to invent a brilliant video game, and save her job. But renovations on her city apartment force her to seek refuge in a temporary rental in the burbs. The promised Paradise morphs into Purgatory when she meets her new neighbor, a deliciously tempting Irish rogue sporting a wicked grin and to-die-for body. Worse, the handsome bachelor has noisy, drooly, havoc-creating baggage on his hands for the summer: rambunctious five-year-old twin nephews, a baby niece, and the kids' yappy dog. Rory Devlin is a dangerous distraction and he's hiding a naughty secret. Jackhammers and contractors would have provided more peace and quiet. Stuck in the Suburbs of the Damned with Mr. Uncle-Turned-Mom and his wild menagerie, Cynthia struggles to meet her deadline. But she struggles more with her undeniable attraction to her devilish-ous neighbor. Could it be that what Cynthia has mistaken for hell is actually the heaven she's been searching for? Length:
