unbelievable, really..Von Ein KundeThis was the first book I have ever read from Ms. Michaels. Unfortunately If I don't love book at first read, than I never read another from same author. I'm not proud of this but that's the way I am. I don't know how this was given five stars from even one reader. I realize not everyone's taste is the same but.. There was a certain section in the book that completely turned me off.. A scene at the airport where Emily was going to go

away for a couple of months... She hugged her friends, cried, walked a few steps, came back and hugged them again telling them how much she loved them. She acted as if she was never coming back. Get real! I also think she gave herself too much importance as if everyone was supposed to be in awe of her owning fitness centers. "I'm Emily, of Emily's Fitness Centers..." So what. Then she talks to the ghost of her dead husband. Too wierd for me. I'll stick to Sandra Brown, my favorite.0 von 0 Kunden fanden die folgende Rezension hilfreich.
