Von Jeff Lindsay : Dearly Devoted Dexter before purchasing it in order to gage whether or not it would be worth my time, and all praised Dearly Devoted Dexter:

Kundenrezensionen Hilfreichste Kundenrezensionen 8 von 8 Kunden fanden die folgende Rezension hilfreich. Genial Von mezzaluna7 Wer "Darkly Dreaming Dexter" mochte (und vielleicht auch die genial umgesetzte TV-Serie), der wird auch diesen Band lieben. Genauso schrg, schaurig, spannend wie gehabt, und die ganze Zeit fragt man sich, warum zum Geier man als nicht-Serienkiller denn nun diesen Kerl sympatisch findet und ihm auch noch die Daumen

drckt, nicht erwischt zu werden. Absolut empfehlenswert fr Freunde von unkonventionellen Geschichten, die hart im Nehmen sind ;-))Die Produktbeschreibung zu diesem Buch macht mich krank, wer auch immer sich diesen Schwachsinn aus dem Kreuze geleierte hat, steht nicht nur mit der deutschen Sprache auf Kriegsfu (der _"bestangezogenste"_! also wirklich), sondern hat das Buch noch nicht mal gelesen. Sgt.Morgan, der Dexter angeblich mitraut und ihn deshalb stndig verfolgt, wre ja Dexter selbst - er heit Dexter Morgan. Der Name des Istigen Kollegen ist Doakes.2 von 2 Kunden fanden die folgende Rezension hilfreich. DARLING DEVILISH DEXTER...Von lawyeraauWith Dexter Morgan, the author has created one of the most memorable characters around. Moreover, he has managed to make the reader really like Dexter, no mean feat, given the fact that Dexter is a serial killer, albeit one who only offs bad people.With this sequel to "Darkly Dreaming Dexter", the author continues Dexter's saga. Still working as a blood splatter expert for the Miami police department, Dexter is spending quite a bit of time with his girlfriend, Rita, and her two kids. He is simply trying to fit in as best he can, knowing his own inner demons. Meanwhile, his nemesis, Sergeant Doakes, continues to hound Dexter, engaging in a cat and mouse game that effectively curtails Dexter from exercising his secret vocation.Opportunity knocks when a crazed psychopath begins kidnapping and hideously mutilating people in an unimaginable way. Dexter's sister Deborah finds herself connected to the case, and Dexter finds himself intrigued by this cunning psychopath whose technique is so fiendish as to leave even Dexter breathless. Inadvertently, this psychopath will end up doing Dexter a solid.Written with sly humor, I enjoyed this second Dexter book even more than the first. With a fascinating plot, an ingenious psychopath that is terrorizing Miami, and some more insight into what makes Dexter tick, I am totally hooked on this fictional character.2 von 2 Kunden fanden die folgende Rezension hilfreich. Groartiges Buch!!!Von TatjanaTolles Buch und sowohl fr die Fans der Serie "Dexter" als auch fr diejenigen, die die Serie nicht kennen empfehlenswert.Whrend man beim Lesen des ersten Buches noch stndig Vergleiche zu der Serie gezogen hat, ist dieses Buch von der Handlung her von der Serie losgelst und somit extrem spannend.Nicht nur die Handlung ist spannend. Der Schreibstil ist auch sehr unterhaltsam, die Gedankengnge - typisch Dexter. Die Charakte sind auch nicht ganz so schwarz-wei gemalt wie in der Serie.Ein rundum gelungenes Buch, hat sehr viel Spa gemacht.

KurzbeschreibungDexter Morgan: forensic analyst, serial killer and ... family man?Miami's best-dressed serial killer is back and on the prowl, at least he would be if he could shake off his permanent shadow. Ever since their paths first crossed, Sergeant Doakes hasn't let Dexter Morgan out of his sight. Dexter may well be the Miami PD's blood-spatter analyst, but Sgt. Doakes has a pretty good idea of how Dex likes to spend his free time and he's determined to catch him in the act.Dex hasn't killed in months and is getting twitchy. To throw Doakes off his scent, he's spending more time with Rita, his girlfriend. But no matter how many cosy nights they spend in front of the TV, Doakes is still watching. Then a body turns up, horribly mutilated and barely alive. To trap the torturer, Doakes and Dexter will have to work together, if they can trust each other. It's a devil's pact and one of them will have to be the bait...From Publishers WeeklyDexter the Demon, Dexter the Avengerwhatever he chooses to call himself, the hero of this intelligent, darkly humorous series knows he's a monster who loves slicing people into little pieces. That Dexter limits his killing to "acceptable" victimsusually other serial killersis designed to keep the reader from having to worry too much about the morality of his avocation. Dexter's just added his 40th victim, a homicidal pedophile, and is eagerly looking ahead to number 41 when he becomes involved in a case through his job as a blood spatter analyst at the Miami-Dade police forensics lab. A man is found with "everything on [his] body cut off, absolutely everything" a piece of work that makes Dexter's own tidy killings look like child's play. This madman, nicknamed Danco, spends weeks surgically removing his victims' ears, lips, nose, arms, legs, etc., while keeping them alive to watch their own mutilation. Despite a certain professional admiration for Danco's dexterity, Dexter decides to take on the case. It's the contradictions in Dexter's character that make it all workhe's smart, he's funny, he cares for children, and yet he has no normal human responses or emotions. The first book in the series, Darkly Dreaming Dexter, was very well received; this one should be as well, and deservedly so. (July 19) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.From Booklist*Starred * Dexter, your friendly neighborhood serial killer, is a police department blood-spatter expert who, in his spare time, kills people. Not just anyone, you understand--he only kills other killers, people whom he believes deserve it. Is this because Dexter really has a heart of gold? No, he's a monster (he is the first to admit it), but at least he tries to steer his evil into productive channels. In the second of Lindsay's alliteratively titled thrillers (following last year's Darkly Dreaming Dexter), Dexter's nemesis, Sergeant Doakes, is getting a little too close for comfort, and there is also the matter of a psychopath on the loose. When Dexter's two problems eventually link up . . . well, what's a well-meaning homicidal maniac to do? Dexter, the cheerfully sociopathic crime fighter, is one of mystery fiction's most original, compelling, and oddly endearing heroes. Lindsay digs a little deeper under Dexter's surface this time, showing us a little more about what makes him tick, but readers shouldn't worry. There are volumes still to be written about this gruesomely fascinating character. David PittCopyright
