Von Robin Paige : Death at Daisy's Folly (A Victorian Mystery) before purchasing it in order to gage whether or not it would be worth my time, and all praised Death at Daisy's Folly (A Victorian Mystery):

KundenrezensionenHilfreichste Kundenrezensionen6 von 6 Kunden fanden die folgende Rezension hilfreich. A Visit to the Past . . .Von kellytwoThe era of the 'Great House' and the lavish parties held in them are unfortunately, in the

past. Thanks to Robin Paige, however, we can relive them vicariously, while being afforded the opportunity to solve a crime or two along the way. This is the third of a delightful series, set in an exciting time -- the last few years of the previous century. Cameras have already proven their merits, soon it will be motor cars and after that, who knows? Kate Ardleigh, an Irish-American orphan, has struggled to support herself writing 'penny-dreadful's' under the pseudonym of Beryl Bardwell. When she discovered to her great surprise that she had an aunt -- in England -- she set off for a visit. While she is there, her aunt dies, and suddenly, Kate is an heiress. As an independent woman, however, she refuses to give up her writing. It is while searching for background for her novels, that she first meets Sir Charles Sheridan in her first adventure, *Death at Gallow's Green*. Charles is a scientist and photographer who won his knighthood for a celebratory photograph of Queen Victoria, and at first, he indulges Kate's curiosity as a novelty. It doesn't take long for either of them to realize the feelings go much deeper than expected. Now, when he is invited to Easton Grange, home of the Earl and Countess of Warwick along with the Prince of Wales and his entourage, Charles discovers that his older brother -- the heir -- is dying, childless. His plan to propose to Kate is thrown into disarray by a murder. Bertie instructs Charles to investigate, eliminating the necessity to call in the local police, which will certainly dismay Bertie's Mama - the Queen. Historically accurate, this is an enjoyable deductive mystery, which will keep you guessing until the last moment. You won't want to miss the final author's notes about the 'Darling Daisy' of the title (in reality, the Countess) and you'll probably want to investigate the books in the bibliography. I did. 2 von 3 Kunden fanden die folgende Rezension hilfreich. Very Good Book Von Ein Kunde I enjoyed all of the books in this series but this was the best one. The romance between Charles Sheridan and Kate Ardleigh moved along nicely and the mystery was interesting and well thought out. I especially enjoy the historical tidbits of life in Victorian England.

Kurzbeschreibung Sir Charles Sheridan is many things an amateur scientist, a renowned photographer, and a skilled detective. And due to Victorian customs, he will soon become a baron rendering him unable to marry American writer Kate Ardleigh. But even as customs keep them apart, a good murder case always seems to bring them together... The Countess of Warwick, known affectionately as "Daisy," is the subject of endless rumors about her "unladylike" ways and temperament. But what happens during a weekend party at her Easton estate is uglier than any rumor. First, a stableboy is killed. Then a nobleman is murdered outside Daisy's well-known trysting spot. A murderer is on the grounds and on the loose. Seeking to avoid scandal, the Prince of Wales orders Sir Charles to solve the case. Together, he and Miss Ardleigh find that even the highest levels of society are no refuge from the lowest of deeds... From the Paperback edition.
