turner!! Von amygdala This was probably the best book I've read this year. 1. I always love a good suspense mystery, and this one was great and more than well done. 2. I love first person narration, especially when there's something unique to the person who's telling the story. I laughed out loud many times because of the hilarious sarcasm and cynicism. (Another great book with this "quality" is Layer Cake by J.J. Connolly - but be warned, there is no lesbian protagonist in this one ;)) 3. Did I mention that "Death by the Riverside" was the best book I've read this year? ;DI will definitely read the sequels!

Kurzbeschreibung Among the moss-covered trees and wrought-iron balustrades of southern Louisiana, Detective Michele Knight (Micky to her friends) takes on the seemingly simple job of shooting a few photos for a client, but the going gets rough as Micky finds herself slugging through thugs and sloggng through swamps in an attempt to expose a dangerous drug ring. The trail leads to the Hundred Oaks Plantation, a transvestite named Eddie, a beautiful doctor named Cordelia, and memories Micky thought she had buried twenty years ago. Hard-hitting prose in the style of Sam Spade and Mike Hammer with a lesbian twist. It should have been the perfect case for Micky Knight - a simple missing person trace. But this case turned from simple to complex to dangerous to deadly, leading Micky from a bar in the French Quarter to a plantation on the Mississippi, and into the murky water bayous of her youth. She is finally led back into the past that she has tried so desperately to avoid.
