Everything under 5 stars is an underestimation.Von LenaRibkaThe mystery in Death Claims was even better than in the first book.John Oats's body was found washed up on a beach. It was an accident, decided the police. It was murder,

believed Dave Brandstetter, a insurance investigator. But who was this time? "A loving son, a not-so-loving wife, a pretty young mistress, a business partner or none of the above." You'll have also a bit more romance comparing to the first book. Some thoughts not exactly about this book, but that were triggered by it: While reading Joseph Hansen I can feel how my IQ is growing. A high-class writing. A PLEASURE PURE. A first class fiction. I never tire of repeating that Joseph Hansen's writing is BRILLIANT. I consider myself an enthusiastic ebook's reader. I can't imagine my life without my kindle but the ebook age is also responsible for a lot of trash on the book market. I don't want to offend anybody. But the number of people who believe they have something very interesting to say and who think that to write a book is not much different than to write a shopping list is growing. Unfortunately very rapidly. These wannabe writers are churning out their romance novels to the dozen and cause dying of our neurons every time we come in contact with their skills. Joseph Hansen's writing is the best brain food. Read his book and you'll know it. Highly highly highly highly recommended.

Kurzbeschreibung After forty years, Hammett has a worthy successor' The Times Dave Brandstetter stands alongside Philip Marlowe, Sam Spade and Lew Archer as one of the best fictional PIs in the business. Like them, he was tough, determined, and ruthless when the case demanded it. Unlike them, he was gay. Joseph Hansen's groundbreaking novels follow Brandstetter as he investigates cases in which motives are murky, passions run high, and nothing is ever as simple as it looks. Set in 1970s and 80s California, the series is a fascinating portrait of a time and a place, with mysteries to match Chandler and Macdonald. John Oats is dead; drowned in the treacherous waves of the Pacific. But was it accident, suicide, or murder? Between the mysteriously absent son, the bitter ex-wife and the current lover, there are plenty of people with reason to lie to Dave about what really happened that night - and why. Pressestimmen The Brandstetter books are classics of the private eye genre...it's great to see them available again -- Peter Robinson Incredible books, much overlooked -- Jeff Abbott, author of PANIC The most exciting and effective writer of the classic private-eye novel working today LA Times Hansen, one of the best practitioners of the California private-eye school...writes crisply with a lean, spare prose that echoes Hammett, Chandler and Macdonald Washington Post In Brandstetter, Hansen has developed a sympathetic character of depth and integrity Chicago Sun-Times No mystery writer is better at evoking the landscape, the light, the architecture and the ethnic diversity of Los Angeles Time Hansen is a strong unflinching writer and everything in his taut prose is real Boston Globe An exceptionally urbane literary style New York Times Book Hansen writes about Southern California with the descriptive love once given it by Raymond Chandler Herald Examiner An excellent craftsman, a compelling writer, he has a real gift for storytelling - for character, for scene, for pace independent of violence New Yorker Kurzbeschreibung After forty years, Hammett has a worthy successor' The Times Dave Brandstetter stands alongside Philip Marlowe, Sam Spade and Lew Archer as one of the best fictional PIs in the business.
