Refreshing Von Simon This was my first litrpg. As someone who used to spend hours on RPGs I thought I must give it a try and was not disappointed. The whole game mechanics is familiar and not overused, which was my #1 fear. Easy to read, nice twists and made me want more. Doris "emoticon addiction" was very refreshing, as you just meet people like her in every single game. Love how the author captured the different kinds of players. Keep it up - see ya on ep2 :)

Von Torsten Fink As an old RPG gamer I really enjoyed the book (although it was a bit too short). Can't wait for episode 2!

Kurzbeschreibung A terminally-ill teenager finds more than a simple escape when he agrees to take part in a futuristic medical experiment involving virtual reality gaming. Everett 'Death' Hall discovers a new life where he isn't trapped by his failing body. Join Everett and friends as they level up, battle vicious foes, and deal with the most dangerous creatures in New Terminal: other players. A Western LITRPG novella series releasing monthly. Welcome to Escape Terminal: It may be an escape, but it's definitely not a paradise.
