Von Colin Dexter : Death Is Now My Neighbor (Inspector Morse) before purchasing it in order to gage whether or not it would be worth my time, and all praised Death Is Now My Neighbor (Inspector Morse):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

Inspector Morse does it again! Von Ein Kunde I really enjoyed this book. After watching the Morse series on PBS, when I read this book I could hear Morse and Lewis talking. The plot was fairly typical: Morse jumps to the wrong conclusions initially, until a second murder causes him to re-think the case. Nevertheless, I thoroughly enjoyed it. For the first time, we also learn Morse's first name. (Yes, he does have one. But you'll have to read the book to find it out.) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Dexter almost does it again! Von Ein Kunde I found this title to be good but not great. I think the story, while twisting and turning, is just a little hard to follow. I enjoy being able to make my own deductions from the information given, but the information was limited here. One interesting point is the revelation of Morse's Christian name. This book is a good read, but not a great one. Dexter has done better work. 0 von 0 Kunden fanden die folgende Rezension hilfreich. as usual - a great success Von C. Hemmerich After having read some of Morse's cases, I do not want to miss a single one of them. "Death is now my neighbor" is still a very complicated case but also matching the scheme that one case shall not be like anyone of the cases before. Surprising solutions and - as usual - the brilliant team of Morse and Lewis let you dive into a world of intrigues and murder. Lovely!

Kurzbeschreibung Why would a sniper shoot suburban physiotherapist Rachel James as she sips her morning coffee? Inspector Morse's hunt for answers kicks off with a tabloid journalist, winds through the strip clubs of Soho, then returns to Oxford, where two senior dons and their wives battle for a plum promotion. Then, on the personal front, Inspector Morse receives intimations of his own mortality. And while Morse muses on life, he reveals his first name at last. . . . From the Paperback edition. . . . de Inspector Morse, the slightly cantankerous Oxford detective of BBC (PBS) fame returns in Colin Dexter's intellectual thriller Death is Now My Neighbor. When the Master of Lonsdale College retires, two senior dons are left competing for the single spot that will be the penultimate position of their academic careers. A seemingly unrelated murder takes Morse and his partner Lewis from the strip clubs of Soho on a case that leads unexpectedly back to the manicured grounds of the Oxford college. This puzzling, stimulating, and thoroughly enjoyable British mystery, is chock full of antiquarian clues and literate allusions, making it a rewarding, stimulating read. Kurzbeschreibung Why would a sniper shoot suburban physiotherapist Rachel James as she sips her morning coffee?
