**Von Rex Stout : Death of a Doxy (A Nero Wolfe Mystery)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Death of a Doxy (A Nero Wolfe Mystery):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mein BesterVon Thomas FernbachGehrt zu meinen sechs Lieblings Rex-Stouts, einem Autor., der wohl bald in der

Vergessenheit verschwunden sein wird. Wer jedoch durch das Manhattan der Vor- und Nachkriegszeit schlendern will und ein Lebensgefühl à la "Swing" und "Frankieboy" genießen will, mit sehr gut konstruierten Stories, der findet da Entspannung. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wolfe gets his sums right Von Ein Kunde Solid Wolfe story from the excellent 60s period. The fat man's encounter with Julie Jacquette is good fun and all the usual characters (notably Cramer) are in fine form.

Kurzbeschreibung When an old acquaintance and fellow P.I. is accused of murdering a kept woman, Nero Wolfe investigates and finds several suspects in a mystery blackmailer, a sexy lounge singer, and a cold-blooded lady-killer. From Library Journal Death of a Doxy, considered a Stout classic, opens with the death of Isabel Kerr, found dead in her lavish bedroom. Was her boyfriend, her "sugar daddy," or someone else responsible? Nero Wolfe puts himself and his side-kick, Archie Goodwin, to work to unravel the mystery and the tangle of relationships as this vintage Wolfe detective story unfolds. Michael Prichard's reading enhances the twists and turns.

Recommended. Denise A. Garofalo, Astor Home for Children, Rhinebeck, NY Copyright 2002 Reed Business Information, Inc. Pressestimmen Orrie Cather, a private eye who had occasionally worked for Nero Wolfe, finds himself in jail for the murder of young Isabel Kerr who was obviously being kept and who was equally noticeably pregnant. Archie as legman must cope with Isabel's sister and brother-in-law who don't want Isabel scandalized in the paper, her rich benefactor who doesn't need publicity, her girlfriend - a nightclub singer in the know, and prime suspect Orrie. Wolfe uses math and memory to solve this one. Not his best but good enough for the Stout-hearted. (Kirkus s)
